Gathering With Grands is a success

BY DEBBIE HIGHTOWER

Grandparents and great-grandparents enjoyed a continental breakfast with students at Gathering With Grands held Feb. 18 in the Trinity Elementary School cafeteria.

Trinity Elementary School students in all grades could invite their grandparents to take advantage of a breakfast including muffins, cinnamon rolls, coffee and juice.

Kindergartner Ben Grove was lucky enough to have two grandparents attend — grandmother Cheryl Fryer and great-grandmother Sue Cargal. Fifth-grader Frankie and his sister Ashlyn, who is in second grade, ate muffins accompanied by their grandparents Diane Sparks and Jerry Cochran.

“We were very pleased with the turnout for the Gathering with Grands,” said Assistant Principal Cindy Walker who estimated that between 150 and 200 grandparents visited the cafeteria during the event.
