

WAN RFP Bids will close Jan 18th, 2018

All bids must contain the following information: This form 470 number, vendor SPIN, and proof of most current SPAC filing. Bids will be evaluated primarily on price along with prior experience, understanding of district needs, and reports of outage and response times. Proposals are being sought by The Randolph County School System for multi-year contracts for the purpose of securing the most cost efficient WAN Network to support our current and future voice, video and data requirements. The district will consider three year contracts with up to two additional specific optional renewal years. Include pricing for 32 sites, which consists of 31 school sites and 1 district office site, with an aggregate rate to Central Office, 2234-D Enterprise Street Asheboro, NC, where the technology department is located or service provider CO. Proposal must provide pricing for 1 Gbps minimum and 10 Gbps or greater maximum.

All proposals must be submitted electronically to: 2018yr21RCSS@randolph.k12.nc.us no later than January 18th, 2018. No late bids will be considered. More details concerning bid requirements can be found under our RFP listed in the USAC website: Randolph County School DIST, RFP Name RFPfdyr2018_126820_yr21, RFP ID# 5611024

*Note: Change in Contract:

The District will not be responsible for any change in the work involving extra costs unless approval in writing is furnished by the Executive Director of Technology before such work is begun.
