During the week of July 16-20, 2018, local teachers participated in the annual Summer Teacher Internship Program sponsored by the Asheboro/Randolph Chamber of Commerce. These internships allow teachers to learn firsthand about local businesses, industries, and governmental services. The week’s events began with an orientation breakfast on Monday, July 16 at the Randolph County School System’s central office and concluded with a luncheon on Friday, July 20 at Asheboro High School’s Professional Development Center.
