### BYOD is Highly Recommended

BYOD (Bring Your Own Device) will be available to students in grades 3 through 12. Students may bring a personal phone, tablet or laptop for use in the classroom. Parents do not need to purchase a wireless plan for these devices since school Wi-Fi is available free of charge. Smartphones three years old or less and tablets five years old or less tend to work well. E-readers and Wi-Fi enabled gaming devices will NOT run the educational apps used in the classrooms and are NOT recommended.
