

3. OPTIONAL PRICING

The current Riverview Gardens School District (District) finance system Keystone interfaces with other software packages, and export and import utilities have been built to process information. It is the intent of the District to replace some of these software packages, and if they cannot be replaced, the interface must be created.

The Respondent may provide firm, fixed pricing for additional software identified in this RFP, optional features, expansion options and/or enhancements for the proposed software solution. Please include other software options that are not included with the software application license, but sold and maintained separately.

Item	Description	Solution	Unit Price
	Interface or provide import/export ability only
