

1. Go to website <http://ps.rockyhillps.com/public/>

- If this is your first time accessing the Parent Portal and you do not have an account, please use the “Create an Account” section.
- If you have an account setup, you can simply login with your user name and password (continue to Step 4).

The screenshot shows a web browser window with the title "Rocky Hill Public Schools". The main heading is "Rocky Hill Public Schools" in red, followed by "PowerSchool" in blue. Below this are two sections: "Login" and "Create an Account".

Login Section: Contains fields for "User Name" and "Password", a "Submit" button, and a link "Having trouble logging in?".

Create an Account Section: Contains a "Create Account" button and explanatory text: "Create a parent/guardian account that allows you to view all of your students with one login account. You can also manage your account preferences. [Learn more.](#)"

Annotations: Green arrows point from the text "If you already have an account, enter the User Name and Password you created to proceed." to the User Name and Password fields. A blue arrow points from the text "If you have not created a parent account, click the 'Create Account' link. You will need your child's/children's access ID and password to view their information." to the Create Account button.

2. Enter your information into the “Create Parent/Guardian Account” screen and click enter.

- If a user name is already taken, a warning will come up on the screen and suggest some other user names. You can select one of those or try another user name. For example:

⚠ jones is not available, but the following Login IDs are: jcdoe jdoe doej

- Your password must be at least 6 characters long. A combination of upper case, lowercase, numbers, special characters (i.e. !@<#& \$) and length will create the strongest password.
- Your email address must be valid and follow the convention [name@domain.com](#) (i.e. [jones@yahoo.com](#)) Domains at .org, .edu, etc. are also acceptable.
- The relationship that you select is your relationship to the child (i.e. mother, father, aunt, uncle, etc).

- Zero's are denoted in the Access IDs with a slash while the letter "O" does not have a slash, For example EX00
