Principal's Note - May:

Spring is in full blossom, and PASS and EOCs are behind us. Students are anxious for upcoming celebratory events at the end of May and the beginning of June and the last day of school on June 4th. As we wind up our 2nd year at RLOA, the word of the month takes on special meaning. If we are COOPERATIVE we can accomplish far more than we can on our own. Take time to teach your children the value of cooperation and the importance of working well with others. We celebrate teachers this month for all they do to make a lasting difference in the lives of students. We celebrate students for their achievements. Let's be an example in our daily lives of the many aspects of cooperation. The more we can intentionally cultivate cooperation in our children, the more emotionally mature and successful they will be throughout their lives.

If I have one message this month it is: *Be the change you want to see. Be cooperative. And you will be positively transformed and impact others in ways you cannot imagine.*

Royal Live Oaks Academy students show:

Respect, Leadership, Ownership, Positive Attitude and Community Service
