

## **Course Outline**

Photography 2A

### **Description of Target Group**

This course is designed for the student of photography in grades 11 and 11 who have completed Photography 1.

### **Purpose**

This course is the first of a two-semester course designed to assist students in developing an appreciation of photographic equipment and increasing their understanding of photographic processes.

### **Standards of Expected Student Achievement**

Upon completion of this course, students will be able to successfully demonstrate the following skills:

1. Review basic photography skills.
2. Learn correct use of advanced equipment.
3. Learn zone system and chemical manipulation.
4. Complete assigned projects.

### **Instructional Materials**

Texts and Supplementary Materials

Refer to: Secondary Adopted Texts and Approved Supplementary Books Used in the Santa Maria Joint Union High School District

### **Activities**

Lectures, laboratory work, field trips, project presentation and audio/visual presentation.
