School Description

PVHS celebrated its 15th anniversary in 2019 and represents the largest comprehensive high school in the Santa Maria Joint Union High School District. Our population is roughly 2970 students and approximately 78% of the student body qualify for free/reduced lunch assistance. There are three comprehensive high schools, one continuation school, Delta High School and a variety of alternative programs available to our students such as Independent Study, REACH or Home School. Pioneer Valley has 140 certificated staff members and 88 classified staff to support our students. Various programs available to our students include Independent Study, PASS program, REACH, On Track Credit Recovery and Panther Pack Program. We have over 40 extra curricular clubs and over 20 different athletic sports that span over the three seasons.

District Mission Statement: We prepare all learners to become productive citizens and college/career ready by providing challenging learning experiences and establishing high expectations for achievement.

PVHS Vision Statement: The vision of Pioneer Valley High School is to prepare students to positively contribute to society by focusing on academic achievement, personal responsibility and college or career readiness.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

SMJUHSD provides standards-based aligned textbooks for all students. The textbooks are adopted from a state-approved list. Every student has access to their own textbooks and instructional materials, including English Learners.

Textbook selection is a collaborative process. Textbooks are selected through content area department meetings at the District level. State approved textbooks are evaluated by certificated staff (who teach that specific area content) to determine which one best meets the needs of all students in the district. The selection is then sent to the Board of Education for approval.

Relocated Portable Classrooms 601-618 August 2006 (transferred from other campuses)

Pioneer Valley High School is a closed campus and has a controlled access plan in place. Locks, keys, gates, and doors are monitored and managed 24 hours a day, 7 days a week.

The Custodial Staff consists of 13 FTEs. The distribution is as follows:

1-custodial supervisor evenings weekdays

6-evenings Monday - Friday

4-weekdays

2-evenings and weekends

Grounds maintenance is provided by 4 FTEs: 2-Grounds Maintenance weekdays

2-Grounds Maintenance days and weekends

Building maintenance is provided by 2 FTEs:

2-semi-skilled Building Maintenance weekdays

The school shares seven (7) central maintenance personnel with the other schools in the District: Lead Maintenance, two Electricians, Carpenter/welder, Plumber, and two Painters. The school also shares one (1) groundskeeper used for mowing large lawns throughout the District.

Although the State discontinued the State School Deferred Maintenance Program, the District continues to set aside funds in a restricted account to address expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, and floor systems. For the 2018-19 fiscal year, the District spent \$539,656 on deferred maintenance. In addition, for 2018-19 fiscal year the District spent \$3.33 million in Routine Restricted Maintenance expenditures (California Education Code Section 17070.75), which amounts to 2.81% of the District's general fund budget.

Planned Improvements (School Year 2019-20)

Replacement of twelve modular classroom roofs (four buildings).

Replacement of portable classroom rain gutters.

Replacing carpet in classrooms.

Upgrading the HVAC controls in twenty-nine portable classrooms.

Installation of a satellite food service station "Quick Café" to improve the student lunch experience.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Math	20	29	19	22	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Contact Person Name: Shanda Herrera, Principal

Contact Person Phone Number: 805-922-1305

Our School Site Council (SSC) always includes parent members, and it approves our Single School Plan for Student Achievement. In addition, The English Language Advisory Committee (ELAC) meets bi-monthly to discuss issues and program for our English Learner students. Spanish translators are available for all school meetings. When the new school opened, an enthusiastic group of parents created the PVHS Booster Club. The booster club supports both activities and athletics. This group of parents meets regularly with officers and distributes money to benefit both athletics and activities.

Our six certificated counselors organize monthly opportunities for parents that include grade specific events that focus on post high school options, ways to reach services through the school and academic support.

PIDA, Parent Involvement through Dialogue and Action is a ten-week course building leadership, fostering change, and dismantling all forms of prejudice. Parents are part of the solution to more effectively engage other parents in developing strategies to help students succeed at the high levels.

Parents on a Mission contends the best action communities can take is to invest in the development of strong parent leadership, rather than trying to replace parents with youth programs. POM develops parent leadership in the home by certifying community leaders in a three-day training who then implement the leadership curriculum for parents over a six-week period.

In addition to these parent classes, there are many other opportunities for parents including technology trainings, open forums on current topics including social media and drug awareness, and college/financial aid information nights.

The community connection is very important to Pioneer Valley. The full time school resource officer assists by providing three to four parent trainings per year. The trainings include current trends with adolescents including Teen Safe Driving, Social Media Awareness, Drug Awareness and Positive Personal Choices for Teens.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

PVHS is a closed campus and all visitors must register with the office prior to entering the campus. We hold periodic fire, earthquake, and disaster drills. Staff and students receive training and updated information annually for each type of event. The Safety Plan is updated at the beginning of each new school and is adjusted throughout the year. The Safety Committee holds monthly meetings to review the School Safety Plan. Campus security assistants are assigned to the campus from 7:00 a.m. to 3:30 p.m. The security team has completed SB1626 Security Training. The school has an assigned School Resource Office from SMPD and a county probation officer. Over 40 security cameras are in operation with archive and retrieval software. Intrusion locks have been installed on all classroom doors for lockdown safety.

There are many support services on campus to assist students in crisis situations including but not limited to domestic violence, anger management, drugs/alcohol and grief support. The school website provides a "Bully Button" that allows for anonymous reporting of bullying.

Pioneer Valley High School-(PVHS) is dedicated to providing a safe and orderly learning environment. The PVHS Safety Plan has been developed with the assistance of the Santa Maria City Fire, Police Departments, Santa Barbara County Sheriff’s Department, American Medical Response Ambulance Co. and SMJUHSd stakeholders to provide guidelines during a disaster or on site crisis. We believe that this document will help Pioneer Valley High School to better meet the needs of students, parents and staff in trying times. The Plan consists of, yet not limited to, bi-monthly safety drills, crisis intervention for all students and staff, safety supervision, clearly articulated policies of suspension and expulsion all aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus.

In order to ensure compliance, the Safety Plan requires updating and evaluation annually by March of each year. The safety plan is shared with School Site Council and the procedures are reviewed with staff each year.

Professional Development provided for Teachers

The site establishes staff development needs by reviewing student test results. Schoolwide goals are aligned with the district goals established in the Local Education Agency Plan (LEAP). These goals are included in the Single School Plan for Student Achievement. Teachers can apply to attend conferences and training that align with the school's goals. The district has focused Professional Development activities on developing Common Formative Assessments and developing appropriate assessments and instructional techniques. Professional Learning Communities serve as the framework for all professional trainings.

- 1) Formalized staff development - Districtwide formal staff development occurs three times per year in August, January and June. Topics for these staff development days include district trends and focus areas. Topics over the past two years have included trainings and information on the California Dashboard, trainings on the use of our district LMS Canvas, implementation of our School Information system Aeries and best uses within the classroom. Additional trainings have included information on Cultural Proficiency, restorative practices and implementation of proven classroom techniques that yield positive results.
- 2) Informal staff development - These opportunities come in the form of specific departments or professional learning communities who take the time to meet together, review data and refine teaching practices. Examples include re-writing curriculum, reviewing test scores and teaching strategies, and the review of textbooks that are introducing new standards and expectations.
- 3) Staff development by interest - Staff can request to attend conferences offered at various locations based on materials that are offered through companies. Conference often include specific areas of interest and include a range of options for sessions that can be attended.

Staff are required to attend the formalized staff development and have the opportunity to provide input regarding future topics and interest areas. Informal staff development is done more frequently is often separated by department, grade level or subject area. Staff are expected to work on campus, provide an agenda of the work they will be doing.

Types of Services Funded

Pioneer Valley High School receives funding from Title I and LCFF. Funds are used for teacher salaries, language assessors, technology upgrades, intervention supplies, Student Assistance Program, campus security, and support for School Site Council and English Language Advisory Committee. The school site council approves the expenditures for each school year to best meet the needs of our students and increase their academic achievement and overall high school experience.

Categorical funds provide remediation/intervention courses for students in English Language Arts, Math and California High School Exit Exam preparation. After school tutoring, writing lab salaries and On Track Credit Recovery is also supported through Categorical Funds.

Our school plan is aligned with the LCAP and supports at least five of the state priorities through various metric measures.

Examples of services funded include the following

- 1) Parental Involvement - Parent engagement is a key component of Pioneer Valley. Examples include PIDA, a 10 week program for parents that fosters leadership and encourages parents to partner with the school to address change and encourage success. Panther Forum for Parents is a class offered four times per year that has designated topics such as Social Media, Distracted Driving, and Gang awareness. The meetings are broken into two separate hours with the first hour being focused on the specific topic and the second hour being an open forum design where parents may ask for information on future topics. Parent Technology Trainings are offered twice a year to train parents on school issued tablets, computer online registration and our Aeries student information system, which allows access to their students' grades and attendance. Parents On a Mission provides an eight week parenting class that encourages communities to take an active part in parenting and work with their families on decision making and working as a unit.
- 2) Student Achievement - Student achievement is measured by various measures including Advanced Placement course offerings and grades, English proficiency and students who reclassify, A - G completion rate and the offering and increase of A - G offerings, EAP "ready" rate through the standardized testing process, CTE completion rates.
- 3) Student Engagement - Attention is paid to attendance rates and truancy percentages. Efforts are made to make connections with families by phone calls, mailers and automated message calls.
- 4) School Climate - The school promotes a positive campus by the promotion of positive messages posted throughout the school. Messages regarding anti-bullying campaigns, encouragement of attendance, discouragement of drug use, and proper use of social media are a few ways in which school climate is supported through funds. School climate is measured by trends seen in discipline and suspension and expulsion rates.
- 5) Access to Courses - Our school is funded to offer a variety of courses that cover 12 different departments and the offering of both core and elective offerings. CTE pathways have been defined in 17-18 as two courses designated as Concentrator and Completer and qualify the student as "college and career ready."

Career Technical Education Programs

Pioneer Valley High School offers courses intended to help students prepare for the world of work. These career technical education courses are open to all students. The site offers a full range of courses in agriculture, business, home economics, and industrial arts technology. In addition, numerous courses are articulated with Allan Hancock College

PVHS has a College and Career Center that is staffed with a College and Career Specialist. The specialist works with seniors who plan to work immediately after graduating. The career specialist also works with students to explore opportunities for post-secondary education including trade school, community colleges, and for year colleges and universities. The career specialist also meets with small groups of students to teach them about writing resumes and cover letters. Working with the college counselor, the specialist helps students complete scholarships, financial aid, and college applications.

The school has a four-year plan for all students that is provided to parents prior to the ninth grade year and then revisited each year during registration for the next grade. The purpose of this plan is to assist students in aligning their interests with career plans for the future. Each year, students have the opportunity to complete interest inventories, complete research on their career focus and related post-secondary educations, and participate in resume building and job and college application preparations. The outcome is that students will select electives that support their interest and as a result complete a sequence of courses that make their education more relevant for them.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
