Stakeholders of Saraland City Schools,

Two years ago, the Alabama State Department of Education (ALSDE) began the practice of evaluating schools and school systems using an A-F letter grade system. As you are aware, Saraland City Schools has recently received multiple accolades in academics, the liberal arts, and athletics. Today marks another great day for the Spartans, as the ALSDE released their latest grades and identified Saraland City Schools as one of 15 school districts in the state of Alabama to earn an A. This achievement is a tribute to many factors, however, not possible without the collaborative effort of teachers, parents, administrators, and most importantly, students. Additionally, unparalleled community support and a school board that focuses every decision on what is best for the children in Saraland schools made this accomplishment possible.

It is difficult to express how proud I am of all who made this goal attainable. Know that while recognition such as this is valued, we will continue to explore ways to improve. For now, I urge you to take great pride and celebrate the accomplishments of your school system. Please tell a teacher or support staff member that you appreciate their efforts and the impact they are having on students.

On behalf of the Saraland City School Board, thank you to all who made this accomplishment a reality. It is another indicator of the positive impact that the Saraland City School System has on children as well as the continued prosperity of our city.

Wishing each of you a Happy New Year!

Dr. Aaron Milner
