Dear Parents/Guardians:

We are excited to offer your child an additional learning opportunity as part of our Title I/Response to Intervention (RtI) program. Your child was identified to receive RtI services in school and therefore is invited to participate in our after-school “Action Program,” which offers enrichment through a combination of reading, writing, and science.

In the Action Program, highly qualified teachers from our district will teach K-2 students how to do research using a wide variety of science-related texts at their independent reading levels. They will also help facilitate student projects designed to teach others what they learned during their research.

The goals of the Action Program are 1) to get students excited about reading by diving into topics of interest, and 2) to help students gain confidence in their reading ability through the use of books on their own reading levels.

The Action Program will run from October through May on Wednesdays and Thursdays. It will begin at 3:30 after dismissal and will end at 4:20. There is no bus transportation for this program. We ask that you arrive promptly at 4:25 to pick up your child. Teachers will bring the students to the back entrance of School #1 under the canopy. For those currently enrolled in the KinderCare program, it is open every weekday until 6PM in the School #1 All-Purpose Room. Teachers will take your child to after-care once the Action Program finishes for the day. If you are interested in utilizing this option, please contact KinderCare directly at (609) 953-9111.

Please review the enclosed Action Program calendar. It has all dates for the program highlighted in green and includes information at the bottom regarding teachers and students who may be absent on a program day.

Please fill out the form below and return it to the School #1 Main Office by Friday, September 30th to indicate whether you child will participate in the Action Program. We look forward to continue working with your child and thank you for partnering with us as we begin this new and exciting program!

Sincerely,

Brianna L. Chapin

Director of Curriculum & Instruction

Southamptton Township School District

Ph: 609-859-2256 x158, Fax: 609-859-0142
