## SPOTSWOOD TO RECEIVE GRANT FOR GENERATOR PROJECT

SPOTSWOOD, NJ - The Spotswood Board of Education is happy to announce, through collaboration with the Spotswood Office of Emergency Management, receipt of a grant in the amount of \$162,000 from the Middlesex County Department of Public Safety and Health, Office of Emergency Management, to upgrade the high school generator. The current high school generator is in need of upgrading due to age and functionality. These grant funds will address the current need for an upgrade to the generator at a very minimal cost to the Spotswood community.

“It is great to work with the Spotswood Office of Emergency Management to ensure our high school facility will be prepared for any emergency and available to our community when needed. This is beneficial to our school and our community”, Superintendent of Schools, Dr. Scott Rocco said. The district will be responsible for ten per cent of the grant value.
