

SUMMER CARES 2017

SUNSCREEN GUIDELINES AND PERMISSION SLIP

Dear Parents:

This year we are establishing the following guidelines in regards to the application of sunscreen for our Schoenly children (**currently a Schoenly student or moving up to 2nd grade**). These guidelines are to ensure the safety of your children.

- If you want your child to wear sunscreen, an application should be made before arriving at camp.
- If you want sunscreen reapplied to your child, we will do so in the following manner:
 - On trip days we will re-apply, **if requested**, before we leave for the trip.
 - On in-house days we will re-apply, **if requested**, after lunch.
- We will apply only once per day.
- If your child has a visible wound, sunscreen will not be applied to that area.
- Only visible areas will be treated (arms, legs, forehead, cheeks).
- No aerosols.
- All sunscreen applications must be done in the CARES office in the presence of an adult counselor.

By signing this permission slip you hereby agree to the above guidelines, and will **request** when you want your child to have sunscreen applied.

I, _____, hereby give the CARES staff permission for my child,
(print your name)

_____ to have have sunscreen applied according to the
(print your child's name)

above guidelines.
