

Honors Spanish IV Summer Work

Over the course of the summer, read three articles taken from Spanish websites that feature three **different** genres (i.e. entertainment, sports, local news, etc.). Potential websites include: BBC en español; CNN en español; El país; El mundo or any other legitimate source.

You will prepare for a class discussion (our first "Charla") regarding your articles. Please prepare one note card per article with **bullet points** summarizing the article and your thoughts.

This will count as a quiz grade.
