Career Fair for Girls

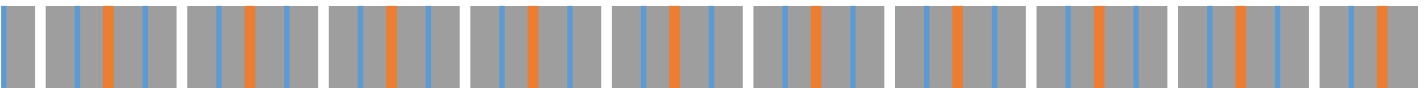

Sunday, April 22nd

Save the
date!

We would like to provide an opportunity for our middle school girls to meet and learn from successful women in a wide variety of STEM careers. We hope to have various hands-on activities available for them to explore the many possibilities available to them in STEM fields.

If you would be willing to spend an afternoon mentoring our future female STEM leaders and/or your child is interested in attending the event, please complete the bottom portion of this paper and return it to Mrs. Rensberger.

Thank you to the wonderful women who have already reached out to make this career fair a success!

My student _____ is interested in attending the STEM Career Fair for Girls on April 22nd.

I am a woman in a STEM field and am interested in serving as a mentor for the STEM Career Fair for Girls. I am able to (check all that apply):

- Manage a booth showcasing my field and career
- Make a presentation to a small group of students
- Offer a hands-on activity or interactive demonstration related to your work
- Assemble some female volunteers representing your company to help on the day of the event
- Advertise or offer community outreach opportunities for our students to continue their STEM exploration

I am a Shield the Vulnerable certified volunteer and am willing to help organize and/or facilitate the STEM Career Fair for Girls.
