Volume 3

Greetings Parents!

As the principal of Stewart County Elementary and Stewart County Middle Schools, I would like to express my commitment, along with the staff, in continuing upon the diligent work that is occurring at the elementary and middle schools even in the mist of the COVID 19 Pandemic. Our staff has participated in numerous virtual trainings as we shift gears on how we deliver instruction to our students. The School Level Leadership Team will be the decision making body to strengthen our strategies, procedures, rituals and routines in order to best meet the needs of our students with the Distance Learning Option for the 1<sup>st</sup> Nine Weeks. As we embark upon this year, we readily accept the challenge in making this school year productive for each of our students. As we launch into Distance Learning, our staff is ready to continue our vision and mission for the students of Stewart County Schools! With the help of our staff, students, parents, and stakeholders, we can make this year successful for all students as One Team. Each day at Stewart County Elementary School and Stewart County Middle School, we will continue to strive for Straight A's in attendance, attitude (behavior) and academics. (Attendance + Attitude (behavior) + Academics = Achievement!).

We welcome you to the 2020-2021 School Year!

Mrs. V.H. Fedd, Principal

Dr, Busani, Siphambili, Assistant Principal
