

Stewart County High School
2019-2020 School Newsletter
July 2019

WELCOME FROM THE PRINCIPAL

Welcome to all new and returning Knights! It is with extreme pleasure and excitement that I welcome each of you to Stewart County High School. The administration, faculty, and staff are looking forward to the 2019-2020 school year with enthusiasm. Our mission at Stewart County High School is to develop enthusiastic, life-long learners who are productive, contributing members of a global society. To be successful in school, it is imperative that you become an active member of our school. Take ownership! If you have any questions, please do not hesitate to ask your teachers, counselors, or administrators.

As you prepare for this year, remember the reputation and success of Stewart County High School depends on your attitude and your respect for its rich tradition. Be conscious of its traditions, standards, and expectations. Our school's handbook is designed to help guide you on your journey through the high school experience. You and your parents are expected to discuss this information.

Again, I welcome you to the Knights Castle. Work hard to reach your goals. Be proud of Stewart County High School and yourself! Dare to be great!

Sincerely,

Dr. Joseph Gardner
Principal
