REPORTS TO: Personnel Director

SUPERVISES: Technology Facilitators and Technology Specialists

JOB GOAL: To assist in curriculum review and implementation and in providing the best use of technology as a learning/teaching tool that will help assure a quality education for all students and to maintain effective usage of all technology equipment throughout the District

PERFORMANCE RESPONSIBILITIES:

- Schedule, using classroom time, planning periods and professional development time, the most appropriate and beneficial times to train the classroom teachers in the most effective use of the computer and software
- Train classroom teachers in the proper use of the computer as an instructional tool (Type and depth of training will depend on the individual teacher's level of competency)
- Train classroom teachers in the use of the Internet as an instructional tool
- Assist classroom teachers in the reviewing, purchasing, storing and inventorying of software
- Assist in the writing of technology and other grants at the school level and as needed at the District level
- Assist, as needed, in the computer labs at schools
- Assist in the 21st Century Learning Centers in training, providing advice and otherwise helping parents in utilizing technology in their homes
- Assist in preparing and making presentations to staff, parents or community that enhance the use of technology as an instructional tool
- Assist the principal in developing teaching strategies to implement new core subject and technology curricula
