

Date:

Dear Parents/Guardians:

The federal Every Student Succeeds Act “Parents Right To Know” guidelines require that school districts provide parents with specific information regarding their children’s teachers each school year. This letter is to inform you that you have the right to know the following regarding the status of your child’s teachers:

- The teacher is in-field, certified to teach the course or if the teacher is out-of-field and not certified to teach the course;
- Whether or not the teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived;
- The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field or certification of the degree;
- Is your child being provided services by paraprofessionals (teacher aide) and, if so, what are their qualifications;
- A description of the frequent and regular methods of notification on how your child is performing in each academic area and on each of the State academic assessments.

If you wish to have any of the above information regarding your child’s teachers and/or paraprofessionals or if you have any concerns or questions, please contact me. I will happy to share that information with you.

Sincerely,

Principal  
Taylor County Schools
