STUDENT RULES FOR DRIVING/PARKING ON CAMPUS

Parking on school board property is a privilege and may be granted or revoked by the principal or principal's designee. Students are responsible for the care of your vehicle. Students must observe all safety rules, and remain courteous and considerate of others. Weapons are prohibited in vehicles at school and at all school events at all times. The Board is not responsible for motor vehicles which are lost, stolen, or damaged.

Students parking vehicles on campus without authorization or who repeatedly violate campus-parking rules may have their parking decal revoked. The presence of a vehicle on school board property or at a school sponsored event implies consent by the student to a search of the vehicle upon reasonable suspicion that illegal, prohibited, harmful items or substances, or stolen property may be contained therein. Vehicles parked on School Board property or at a school sponsored event by a student are subject to search if school personnel have *reasonable suspicion* that illegal, prohibited, harmful items or substances, or stolen property may be contained therein. Each student who parks a vehicle on a school campus is presumed to know what is contained in his/her vehicle and will be held accountable for any contraband, weapons, drugs, etc., which may be found in the vehicle.

SECTION TWO: DISCIPLINE BY LEVELS

To establish reasonable consistency in the schools, a uniform Discipline Code has been developed. Definitions of terms used can be found in the Glossary. Consistent with the Code of Student Conduct, **the principal or designee is responsible for discipline** and determines the level of the behavior and its appropriate consequence. Schools and teachers may develop individual rules and disciplinary practices which supplement the Code but do not conflict with it. It is the intent of the DSBTC that the principal or designee of each school has a reasonable degree of choice in determining the level of a student's behavior and the resulting consequences. The factors to consider include, but are not limited to:

- * **Seriousness of offense**
- * **Premeditation, impulse, or self-defense**
- * **Age and/or disability**
- * **Strength of evidence**
- * **Cooperation/remorse**
- * **Disciplinary history**

Behaviors and their consequences are divided into four levels. Each level represents progressively more serious misbehavior and consequence. School support staff and/or community resource agencies may be involved.

Under the Individuals with Disabilities Education Act (IDEA), students who have been identified as educationally disabled and are receiving ESE services are subject to additional disciplinary guidelines that are different than those for non-disabled students.

Level I Discipline – Schoolwide Behavior Management

Level I offenses are minor acts of misconduct which interfere with orderly classroom procedures, school functions, extracurricular programs, approved transportation, or a student's own learning process. These offenses may be handled first by the teacher or other staff member involved. If additional action is necessary because of continued violation or other concerns, the student will be referred to the principal or designee for appropriate disciplinary action. The teacher or school administrator/designee, after review of the student's explanation, consultation with other persons involved and further investigation (when needed), will determine appropriate disciplinary action consistent with this Code and attempt to contact parents.

Level II Discipline

Level II offenses are intermediate acts of misconduct which require administrative intervention, including, but not limited to, repeated minor misconduct and acts directed against persons or property but which do not seriously endanger the health or safety of others. After review of the student's explanation, consultation with other persons involved, and further investigation (when needed) the school administrator/designee will determine appropriate disciplinary action consistent with this Code and attempt to contact parents.

Level III Discipline

Level III offenses are serious acts of misconduct, including, but not limited to, repeated similar misbehavior, serious disruptions of the orderly conduct of school, threats to health, safety, or property and other acts of serious misconduct. These offenses must be reported to the principal/designee and may result in immediate removal of the student from the school or extracurricular activities. The principal/designee will investigate the behavior and determine appropriate disciplinary action consistent with this code and contact parents.

Level IV Discipline

The most serious acts of misconduct are included in this level; they must be reported immediately to the principal/ designee. These violations are so serious that they may require district administrators, outside agencies and/or law enforcement. The principal/designee will investigate the behavior and determine appropriate disciplinary action consistent with this code and contact parents. **Such acts may also result in criminal penalties being imposed.** The principal/designee may recommend the expulsion of any student who has committed a **serious breach of conduct**.

Students are expected to behave appropriately at school. Misbehavior that violates the rights of others, disrupts the school, or interferes with learning is not acceptable.

SECTION THREE: PROHIBITIONS AND NOTICES

VIOLENCE AGAINST SCHOOL DISTRICT PERSONNEL

Battery or assault against any school personnel by a student is a Level 4 violation of this Code. If you, as a student, use force or violence, accidental or intentional, against school personnel you will be suspended from school and the principal will recommend that you be expelled. Subject to federal and state law, if you are formally charged with a violation of *F.S. 784.081* (assault, aggravated assault, battery, or aggravated battery upon a school employee) you will be removed from the classroom immediately and placed in an alternative school setting pending disposition. If you are found by the court to have committed a violation of *F.S. 784.081* you will be expelled for a minimum period of one year [*F.S. 1006.13(5)*].

ZERO TOLERANCE OF SCHOOL RELATED CRIMES

The School Board has zero tolerance for crimes, violence, weapons and drugs. Procedures include the reporting of acts that pose a serious threat to school safety at times when you are under the authority of the School Board. Such acts include, but are not limited to: [*F.S. 1006.13*].

If you *use as a weapon* any article or substance not normally considered a weapon (like rocks, pens, pencils), you will be suspended for ten (10) days, and the principal will recommend that you be expelled. For students with disabilities, the mandatory penalties in this policy are subject to the procedures for discipline of students with disabilities.

SAFE HARBOR

A student who inadvertently possesses or finds a prohibited object shall immediately notify school staff and surrender the object. Thus, a student may approach a school official and voluntarily surrender an object prohibited by the Code of Student Conduct without being subjected to discipline so long as the object (excluding a firearm) is one that the student could lawfully possess off school grounds. If a student discovers an illegal item (i.e., drugs or weapons) or other contraband on school property or at a school function, the student may approach a school official and report the discovery. A student shall not be in violation of the Code of Student Conduct solely for making such a report. School officials shall make a determination after an investigation of the report. The Safe Harbor Provision may not apply if a search is ongoing in any location at the school, if the object is surrendered during a search, or if the object is not turned in prior to discovery by school staff. With respect to objects that have been turned over to school staff, the parent/guardian must make arrangements to pick up the object from the school, unless it is an object that must be turned over to law enforcement.

ALCOHOL AND DRUGS

The use of illegal drugs and the unlawful possession and use of alcohol are wrong and harmful and are violations of this Code. (**Prescription as well as over-the-counter medication shall be turned into the school nurse upon arrival to school**).

Students may not *possess, sell, transfer, distribute or use*:

- any alcoholic beverage,
- any controlled drugs,
- hallucinogens or

on school property, including buses, and at school-sponsored activities, except those specifically prescribed by a licensed physician.

1. Violation of this prohibition is a serious breach of conduct. The school will notify law enforcement officials and your parent(s) or guardian(s).
2. If a student *possesses, uses or is under the influence of* any item listed above, except under the direction of a licensed physician, students will be suspended from school for a period of five (5) to ten (10) days for the first offense and the principal may recommend the student be expelled. For a second offense, students will be suspended for ten (10) days and the principal will consider expulsion. The principal may consider the student's disciplinary record in other schools and school districts.
3. If a student *sells* any item listed above or that you represent to be any item listed above, you will be suspended from school for ten (10) days for the first offense and the principal will recommend that you be expelled. If you *solicit a sale, transfer, or distribution* other than selling, you will be suspended from school for five (5) to ten (10) days and the principal may recommend that you be expelled. For a second transfer or distribution offense, you will be suspended for ten (10) days and the principal will recommend that you be expelled.
4. Students may not *use any legal substance to attain a mood-altering effect* and you may not *possess* any equipment or device for preparing or taking drugs.
5. If you are found to be guilty of a felony the student may be recommended for expulsion.
6. Students may be entitled to a waiver of discipline or expulsion if you divulge information leading to the arrest and conviction of the person who supplied such controlled substance to you or if you voluntarily disclose your unlawful possession of such controlled substance prior to your arrest. A waiver also may be granted if you successfully complete a state-licensed drug abuse treatment program. [F.S. 1006.09]

If a student has a doctor's orders to take prescription medicine at school, it is important to first notify the school principal or designee so that you know the proper procedures to follow. For students with disabilities, the mandatory penalties provided by this policy shall be subject to the procedures for discipline of students with disabilities.

Students may not *use, possess, distribute or sell* tobacco products (including papers used to roll cigarettes) on school property, at school-sponsored events, at school bus stops or on school buses. In addition, it is unlawful for any person under 18 years of age to *knowingly possess* any tobacco product. [F.S. 386.212; 569.11]

BULLYING AND SEXUAL HARASSMENT

Bullying means systematically and chronically inflicting physical hurt or psychological distress on one or more students or employees. It is further defined as unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by a student or adult, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation; and may involve but is not limited to: teasing, social exclusion, threat, intimidation, stalking, physical violence, theft, sexual, religious, or racial harassment, public humiliation, or destruction of property. F.S. 1006.147

TCSB treats bullying as a serious breach of the Code of Student Conduct. Students who engage in such conduct shall be subject to a range of consequences, including verbal or written reprimand, in-school suspension, out-of-school suspension, change of placement, and/or recommendation for expulsion.

1. It is the policy of the TCSB that all of its students and school employees have an educational setting that is safe, secure and free from harassment and bullying of any kind. The District will not tolerate bullying and harassment of any type. Conduct that constitutes bullying and harassment, as defined herein, is prohibited.
2. The School Board will not tolerate bullying or harassment, including sexual harassment of any student or school employee:

If a student is found to have committed an act of bullying or harassment, including sexual harassment, or found to have falsely accused another as a means of bullying or harassment, the student may receive positive behavioral interventions or be disciplined up to and including suspension or expulsion. If you or your parent/guardian believes you have been the victim of bullying or harassment, immediately report the situation to a teacher, school counselor, school principal or designee, or other school staff.

Cyber stalking/bullying as defined in F.S. 784.048 (1)(d), means to engage in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through the use of electronic mail or electronic communication, directed at a specific person, causing substantial emotional distress to that person and serving no legitimate purpose.

Taylor County has online reporting system located on the district website, www.taylor.k12.fl.us. If a student sees someone being bullied or does not feel safe at school any student may use the link to report the problem. False reports will be considered bullying. Reports may be given anonymously.

HAZING

TCSB prohibits hazing activities at any time on school property or at school sponsored events. Even if a student is only a by-stander, you may be deemed to be a participant if you stay present during a hazing incident. Student by-standers are expected to leave the area immediately and are encouraged to report the incident. [F.S. 1006.135].

FALSE ACCUSATIONS

It is a Level 3 violation to intentionally make false accusations that jeopardize the professional reputation, employment or professional certification of a teacher or other member of the school staff.

PERMANENT REMOVAL OF STUDENT FROM CLASS

A teacher may send a student to the principal's office to maintain effective discipline in the classroom. The principal shall respond by employing appropriate discipline-management techniques consistent with the Code of Student Conduct under

S. 1006.07 A teacher may remove from class a student:

- Who interferes with the teacher's ability to communicate effectively with the students in the class or; with the ability of the student's classmates to learn; or
- Whose behavior the teacher determines is so unruly, violent, disruptive, abusive, or disrespectful that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn.

If a teacher removes a student from class under this provision, the principal may place the student in another appropriate classroom, in in-school suspension, or in an alternative education program as provided by S. 1003.53; or the principal may recommend the student for out-of-school suspension or expulsion, as appropriate. The student may be prohibited from attending or participating in school-sponsored or school-related activities. The principal may not return the student to that teacher's class without the teacher's consent unless the committee established under S. 1003.32 determines that such placement is the best or only available alternative. The teacher and the placement review committee must render decisions within five days of the removal of the student from the classroom. Any teacher who removes 25 percent of his or her total class enrollment shall be required to complete professional development to improve classroom management skills.

WIRELESS COMMUNICATIONS/ELECTRONIC DEVICES

1. Students may possess wireless communication or electronic devices at school. The devices cannot be used upon the student's arrival on school campus and can only be used after the final dismissal bell. Students are responsible to ensure that their device is turned off and out of sight until the final dismissal bell.
2. To avoid classroom disruptions, you may not display, use, or activate wireless communication or electronic devices prior to the final dismissal bell. The prohibited time shall include study halls, lunch breaks, class changes and any other structured or non-structured activity.
3. After the final dismissal bell, student may use wireless communication or electronic devices except on school buses.
4. At school-sponsored activities, including extended day and other afterschool programs, you may use a wireless communication or electronic device provided the use does not interfere with the activity and follows the directives of the school administration. Students may be disciplined for disruptive or inappropriate behavior related to possession or use of wireless communication or electronic devices.
5. Electronic devices may not be used for inappropriate recordings to post on social media (Facebook, You Tube, etc).
6. Under no circumstances should a wireless communication or electronic device be used inappropriately. Such inappropriate use includes, but is not limited to: texting, phoning, or web surfing until the final dismissal bell; taping conversations, music or other audio; photographic or videoing self or others; and any other activity that could in any way infringe on the rights of others including, but not limited to, teachers, students and staff.
7. **The School Board is not responsible under any circumstances for the loss, destruction, damage and/or theft of wireless communication or electronic devices or any communication bill associated with the authorized or unauthorized use of the wireless communication devices. You are responsible for locating any lost or stolen items.**

The misuse of a wireless communication or electronic device may result in the imposition of disciplinary action by the school and/or criminal penalties if the device is used in a criminal act. Misuse may also result in the **CONFISCATION** of the device.

THREATS OR FALSE REPORTS

If a student is found to have made a threat or false report as defined by F.S. 790.162 and F.S. 790.163 involving school or school personnel's property, school transportation, or a school-sponsored activity, the student will be expelled from the regular school for not less than one year and referred for criminal prosecution. [F.S.1006.07]

EXTRA-CURRICULAR ACTIVITIES

Extracurricular activities are offered in order to extend learning beyond the normal school day. These activities are supplemental to the school's core curriculum and are privileges, not rights. This includes participation in and/or spectator attendance at any extracurricular activity or event. Students are expected to behave appropriately at all times while

participating in or attending these activities. All school and district rules and regulations are in effect during any extracurricular activity, whether held on or away from campus. In addition to any other disciplinary consequence as a result of misbehavior, the principal or his designee may revoke student participation in or attendance at extracurricular activities. *[F.S 1002.20(18)]*.

Participation in a school sponsored extra-curricular activity or sport is a privilege. These activities are important components of our total educational program. Successful participation in school sponsored extra-curricular activities requires a higher level of commitment, energy, and maturity.

It is the goal of Taylor County Public Schools to expect a higher standard of excellence from students involved in these activities. Participating students are representing our schools in our neighborhoods, our communities, our state and our nation. The standard of behavior should be one that exhibits pride, politeness, and responsibility. Parents and students should seriously discuss the impact of the extra time, energy, and maturity required to participate in these activities, and the strict eligibility rules a student must follow to remain qualified for such activities.

STANDARDS FOR USE OF REASONABLE FORCE

Administrators, teachers, and support staff may use and apply reasonable force and restraint for self-protection or for the protection of other students from physically disruptive students. *[F.S.1006.11]*. The use of reasonable force is permitted to protect the student from:

- a. conditions harmful to learning;
- b. conditions harmful to student's mental health;
- c. conditions harmful to student's physical health;
- d. conditions harmful to safety; and,
- e. harm and/or injury to self, school personnel, and others.

SECTION FOUR: PROCEDURES

Administrative judgment, particularly at the elementary level, is needed in classifying offenses or behaviors into incident types. In making these classifications, age and developmentally appropriate behavior **MUST** be taken into consideration. In all instances of disciplinary action,

- the incident shall be investigated by the principal or designee,
- a conference shall be held with the student,
- due process procedures shall be followed,
- and the parent will be notified.

When a student is suspended or recommended for expulsion or alternative placement, procedures for the recommended action as described in this Code of Student Conduct shall be followed. A complete written report of the incident and the action taken shall be maintained.

A student with an IEP/504 Plan cannot be suspended for greater than ten (10) cumulative school days within one school year and must have a Manifestation Determination Hearing.

Some infractions may result in arrest and charges being filed due to being a violation of the law as well as a violation of school rules.

Some specific infractions and consequences are detailed in this section of the Code of Student Conduct. It is realized that there will be instances of misconduct that may arise that will not be detailed in this document or in the school's handbook.

Decisions regarding the consequences in such cases will be made based on the details of the information gathered in the investigation of the incident and the severity and seriousness of the misconduct.

STUDENT DETENTION, SEARCH AND SEIZURE

Students may be temporarily detained and questioned about possible violations of School Board rules. The principal or designee may search lockers, vehicles or other storage areas upon reasonable suspicion that a prohibited or illegally

possessed substance or object is contained within the area. [F.S. 1006.09(9)]. In addition, metal detectors and trained dogs may be used to screen for prohibited weapons and substances.

STUDENT HEALTH AND MEDICATION [F.S.1006.062].

Prescription, non-prescription, and over-the-counter medication must be administered in accordance with school district policy and procedures for Student Illness and Administration of Medication during school hours.

No prescription medication may be self-administered or administered by school personnel without a dated authorization signed by the parent or guardian on file with the school. Non-prescription medication or prescription medication, except asthma inhaler or Epi-pen (epinephrine), may not be kept on a student's person without a physician's written order on file with the school. No student shall distribute or share any prescription or non-prescription medication with any other student.

IN SCHOOL SUSPENSION (ISS)

- a) **Definition:** In-School Suspension is an alternative to out-of-school suspension that prevents a student from attending all or some classes for up to ten (10) school days at any one time. During the period of an In-School Suspension, the student is assigned to a self-contained alternative classroom on a Taylor County School Board Site. [F.S. 1003.01(5)(b)].
- b) **Conditions:**
 1. Any school that has an in-school suspension program established in accordance with the TCSD guidelines may place students in in-school suspension.
 2. The parent/guardian must be notified of the placement of a student in in-school suspension.
 3. All criteria for student eligibility and the instructional program are subject to the requirements of the District's guidelines.
 4. Schools shall not use continuous or multiple in-school suspensions to exclude a student with a disability from educational services. Services must be adhered to as outlined in the student's Individual Education Plan or 504 Accommodation Plan.
- c) **Procedures:**
 1. The principal or designee may assign a student to an in-school suspension program on the basis of a discipline referral after hearing the student's defense and/or explanation of his/her conduct and giving the student an explanation of the reasons for and conditions of the in-school suspension.
 2. A student who fails to appear for in-school suspension may be assigned an additional amount of in-school suspension or be assigned a higher level of discipline which may include out-of-school suspension.

OUT OF SCHOOL SUSPENSION (OSS)

The principal or administrative designee has the right to suspend you from school for a serious act of misconduct. Students suspended out of school are fully excluded and prohibited from attending any Taylor County public school, any school or School Board sponsored activity, or coming upon the grounds of any school until the term of the expulsion is completed. The procedure below shall be followed for suspension from school:

1. Students will receive oral and written notice of the charges and an explanation of the evidence against them. In a conference, students will have an opportunity to respond to the charges and to explain their behavior.
2. If the principal or designee determines that there are sufficient grounds for suspension, then the student will be informed of the suspension from school and the length of time. Students will normally be suspended effective at the end of the school day and shall remain in ISS for the remainder of the day or until a parent can pick them up.
3. The principal or designee will make a good faith effort immediately to contact the parent or guardian by telephone and will also send written notice to the parent or guardian. The notice will state the length of the suspension and the reasons for it.
4. If suspended, students will be released to their parents/guardians with a plan for specific homework assignments to be picked up.
5. In an emergency the principal may temporarily suspend a student prior to a conference when the safety or health of students, staff or other persons in the school may be threatened by your continued presence. When temporary suspension is necessary, the principal will inform the parent or guardian by the most rapid means (including telephone). As soon as feasible under the circumstances, the principal will hold a conference with student and parent. Following

the conference, the principal may formally suspend you; however, in no case shall the principal's temporary and formal suspensions exceed ten (10) days for the same offense.

The principal will follow the discipline procedures for students with disabilities.

BUS SUSPENSION

The principal or designee has the right to suspend a student from bus-riding privileges for a period of time up to 10 (ten) days. Long-term suspension of bus privileges will be based on persistent misconduct which disrupts order on the bus and endangers the health, safety or welfare of other students riding the bus, or on a single incident of conduct which shows reckless or willful disregard of the safety of the driver or others.

1. If students receive four (4) or more bus misconduct referrals within a school year, the principal may permanently suspend bus riding privileges. The parent or guardian will receive written notice of the principal's recommendation.
2. If bus privileges are being suspended for longer periods of time, the parent or guardian may appeal to the Superintendent requesting a board review. At such point, the parent will be provided written notice of the schedule review.

The principal will follow the discipline procedures for students with disabilities.

EXPULSION

Expulsion is the severest penalty the School Board may impose for a violation of the Code of Student Conduct.

Expulsion is the removal of the right and obligation of a student to attend public school for a specified period of time, not to exceed the remainder of the current school year, the following school year and any intervening summer school. Expelled students are fully excluded and prohibited from attending any Taylor County public school, any school or School Board sponsored activity, or coming upon the grounds of any school until the term of the expulsion is completed.

A principal may recommend expulsion for a student who has previously attended the district alternative program, has returned to his/her regularly assigned school and commits another infraction that would otherwise result in an assignment to the district alternative program. Recommendations for expulsion shall be processed in accordance with the procedures adopted by the School Board and prescribed by law and administrative regulations of the State of Florida, for student expulsions.

Expulsion Recommendations for Exceptional Education Students: The required due process of a student with a disability or otherwise entitled to be treated as a student with a disability under 20 U.S.C. § 1415, § F.S.1003.57, Fla. Stat., or Fla. Admin. Code Rule 6A-6.03311 (IDEA), are set forth in the *Exceptional Student Education Policies and Procedures (SP&P)*.

Procedures for Expulsion

A student accused of a violation of the Code of Student Conduct which, in the opinion of the principal or a designated representative, may require expulsion from school or transportation, shall be afforded the procedural safeguards described below. In emergency situations, these procedures may be modified so long as reasonable efforts are made to provide substantially similar opportunities for these procedural safeguards.

- Step 1: The principal or a designee must inform the student of the reason(s) for consideration of expulsion.
- Step 2: The student shall be given the opportunity to present his/her side of the matter either verbally or in writing and must have the opportunity to offer witnesses to the incident.
- Step 3: The principal or a designee shall make a determination in writing as to whether or not the student is guilty of the misconduct, and if so, what the terms of the disciplinary response will be. The student shall be informed of the determination. If the principal or designee determines that there are sufficient grounds for expulsion, then the principal or his designee shall inform the student that he or she is being suspended from school for 10 days and a recommendation that the student be expelled is being considered.
- Step 4: The principal or a designee shall report in writing to the student's parent or guardian and the superintendent that the student has been suspended for 10 days and a recommendation that the student be expelled from school is being considered. The report shall be mailed or delivery initiated within 24 hours of the start of the initial 10-day suspension or on the next regular workday. Reasonable effort shall be made to contact the parent or guardian prior to the start of the suspension. If the parent or guardian cannot be reached prior to the start of the suspension, the principal or a designee may determine that the suspension

- will start without the prior contact with the parent or guardian.
- Step 5: When necessary, the principal shall convene a discipline team meeting as soon as possible but not later than the last day of the 10-day suspension period. The discipline team shall consist of the principal or designee, a counselor and/or school psychologist, an area administrator, and other appropriate personnel. Teacher input will also be sought. The school will also request that the parent and student attend the discipline team meeting. The purpose of the discipline team meeting is to determine (1) if there is documentation or evidence that the student has a disability requiring exceptional education services; (2) if the offense committed by the student meets the criteria for a Level IV infraction in the Code of Student Conduct; and (3) whether or not a referral will be made to an alternative site.
- Step 6: If required, the members of the discipline team determine that the infraction committed by the student meets the criteria for a Level IV offense in the Code of Student Conduct, the committee may refer the student to an alternative site. Whether or not a student is referred to an alternative site, the area administrator shall forward to the superintendent or his designee a detailed report by the principal or designee and a summary of the discipline team's findings.
- Step 7: After the required discipline team meeting, if the parent or guardian believes the student is entitled to further procedural safeguards, the parent or guardian may request an administrative hearing to determine the sufficiency of the procedures. Failure of the parent or guardian to request an administrative hearing within 3 days shall be deemed a waiver of further procedural safeguards. Administrative hearings shall be conducted within 10 school days from the time they are requested unless an extension is agreed upon in writing. The School Board shall determine, based on all information provided by the discipline team, whether procedural safeguards were afforded the student. The School Board shall list any objections of the parent or guardian and make a ruling on each one. The School Board will either uphold the discipline team referral to an alternative site, the principal's recommendation for expulsion or recommend whatever action deemed appropriate based on the specific facts and charges upon which proposed expulsion is based. The parent or guardian will be notified of the decision in writing within 48 hours.
- Step 8: If the student's 10-day suspension expires prior to the next school board meeting, the superintendent shall have the authority to extend the suspension of the student until that meeting occurs. The suspension may also be extended for the purpose of an administrative hearing requested by the parent. The superintendent may assign any student so suspended to an individually designated program or other special placement.
- Step 9: The superintendent shall notify the parent or guardian and the principal or designee of his/her decision within 24 hours. If the superintendent finds a sufficient basis for an expulsion, recommendation will be made to the Board, a notice of charges will be sent to the parent or guardian. The superintendent shall notify the parent or guardian and the principal or designee prior to the school board meeting at which the school board will consider his/her recommendation.
- Step 10: The parent or guardian shall have the right to appear before the school board.

1. Students are eligible for the program under any of the following criteria:
 - a. Students have a history of disruptive behavior in school: Students have been referred to the office for major disciplinary reasons for which students have received at least two out-of-school suspensions. Students’ discipline records for the most recent three (3) semesters will be considered for purposes of eligibility. Students’ records in other school districts may be considered.
 - b. Students have committed an offense which would warrant expulsion from school according to the Code of Student Conduct.
 - c. Students who are returning from detention or a court-adjudicated commitment program and students have been evaluated by District personnel; Students will not be automatically assigned to Taylor County’s Accelerated School.
2. Upon the principal’s recommendation for reassignment to Taylor County’s Accelerated School, district personnel will review all of students’ pertinent records. District personnel will be notified of the IEP team’s recommendation. For additional information refer to “Section Five: Discipline for Students with Disabilities.**

8. Upon the assignment/placement in an alternative educational setting, the student will not be permitted to participate or attend any activities (all athletic events, school programs, etc.) on any district school campus.

SECTION FIVE: DISCIPLINE FOR STUDENTS WITH DISABILITIES

Procedures for Disciplining Students with Disabilities

Taylor County School District does not discriminate on the basis of disability. The district has the obligation to provide a free appropriate public education to students with disabilities. An individual education plan (IEP) shall be developed for students attending exceptional education programs. During the development of the IEP, a copy of the **Notice of Procedural Safeguards for Parents of Students with Disabilities** shall be provided to the parent or guardian.

Disciplinary procedures must be consistent with Rule 6A-6.03312, Florida Statutes and State Board of Education Rules. School personnel **may consider any unique circumstances on a case-by-case basis** when determining whether a change in placement, consistent with the requirements and procedures in this rule, is appropriate for a student with a disability (SWD) who violates a Code of Student Conduct. In addition, each school shall ensure that the IEP of a student in an exceptional education program is reviewed prior to disciplinary action. In lieu of suspension and/or expulsion the IEP team may recommend an Interim Alternative Educational Setting (IAES).

School personnel can remove a student with a disability from his/her current educational placement for no more than (10) school days in a school year without providing educational services. The student must receive a free appropriate education during any period of removal over (10) school days in a school year. If a student violates the Code of Student Conduct and is removed from their current placement for (10) consecutive school days, the IEP team must convene and

hold a **manifestation determination** meeting. A manifestation determination is a process by which the relationship between the student's disability and a specific behavior that may result in disciplinary action is examined. It shall not be an appropriate form of discipline to suspend a student for behavior which bears a relationship to the disability or exceptionality, nor shall continuous/serial suspensions be considered an appropriate form of disciplinary action.

Students with disabilities who are removed from school or placed in an Interim Alternative Educational Setting (IAES) must continue to receive educational services so as to enable the student to continue to participate in the general curriculum although in another setting, and to progress toward meeting the goals in the student's IEP and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications designed to address the behavior violation so that it does not recur.

RESTRAINT OR SECLUSION F.S. 1003.573

Use of seclusion and restraint on students with disabilities.

Restraint practices may only be used when a student's welfare or welfare of others is at risk. Only appropriately trained personnel may use District School Board of Taylor County approved restraint techniques. The term "manual physical restraint" is used to describe the use of physical restraint techniques that involve physical force applied by a teacher or other staff member to restrict the movement of all or part of a student's body.

- A school will notify the child's parent/guardian in writing before the end of the school day in which the physical restraint occurs.
- A school shall prepare an incident report within 24 hours after a student is released from restraint.
- A school shall also provide the parent or guardian with the completed incident report in writing by mail within three school days after a student was manually physically restrained.
- Parent/guardian signatures are required to acknowledge receipt of notification.
- A school will notify the Superintendent or his/her designee when a restraint occurs.
- Taylor County School District does not practice seclusion.

The term "seclusion" is used to describe the involuntary confinement of a student alone in a room or area from the student is physically prevented from leaving. It is the policy of the District School Board of Taylor County that students are not to be placed in an area of seclusion and must be in full view of a staff person at all times.

DANGEROUS WEAPONS OR DRUGS

The Individuals with Disabilities Education Act (IDEA) amendments and regulations incorporate the definition of dangerous weapon from the U.S. code: "The term dangerous weapon means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that the term does not include a pocket knife with a blade of less than 2 ½ inches in length." School personnel may remove a student to an Interim Alternative Educational Setting (IAES) for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability, if the student:

1. Carries a weapon to or possesses a weapon at school, on school premises, or to a school function under the jurisdiction of a state education agency or a school district;
2. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a state education agency or a school district; or
3. Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a state education agency or a school district.

TAYLOR COUNTY HIGH SCHOOL BEHAVIOR GUIDELINES

CLASSROOM DISCIPLINE PROCEDURE AND STEPS

The purpose of the Classroom Discipline Information is to document disciplinary actions taken by the classroom teacher when a student violates Taylor County High School Level 1 Offenses and classroom rules/policies. In the event that a student continues to break rules and regulations, a completed disciplinary referral will be written and the student will be referred to an administrator who will issue the appropriate disciplinary action as outlined in the Taylor County High School Discipline Plan.

The teacher will maintain Discipline Information on all their students. The teacher will document the behavior infraction, the date, and the type of disciplinary action taken at each step (a single incident may result in documentation of more than one offense).

1st Step: When a student fails to comply with the rules, the teacher will begin documenting the behavior and intervention used to correct the behavior through the Behavior Intervention Form. Consequences/Interventions may include withholding a privilege, seat change, time out in another teacher's room, counseling, and/or additional assignment. Parent contact will be made by the teacher and the Behavior Intervention Form will be submitted for documentation.

2nd Step: If misconduct continues, the teacher will take the necessary action to correct the behavior in accordance with the Behavior Intervention Form process. Parent contact will be made by the teacher and the Behavior Intervention Form will be submitted for documentation.

3rd Step: When misconduct continues, the teacher will complete a disciplinary referral and refer the student to administration.

The TCHS Discipline Plan groups violations into four levels--minor, intermediate, major, and severe. Each classification is followed by a disciplinary procedure which is to be implemented by the faculty, staff, and administration. **The offenses listed are not all inclusive and a student committing an act of misconduct not listed will, nevertheless, be subject to the discretionary authority of the principal.**

Taylor County Accelerated School

CODE OF STUDENT CONDUCT 2017-18

The Attendance Policies, Dress Code, Discipline Matrix and Code of Conduct for students of Taylor Accelerated School (TCAS) are the same as the students' home school. Except as noted.

Requirements

Students may be assigned to TCAS as a result of underperformance in maintaining academic progress in the student's original school. Placement is based on decisions of school administrators, guidance counselors and Exceptional Student Educators (as appropriate), students and parents are expected and encouraged to be actively involved in the academic planning.

Once a student has completed coursework that places them current with their peer age group, the student is able to return to their original school. Students receiving educational services at TCAS are encouraged to participate in all appropriate academic and extra-curricular programs offered in the Taylor County School District.

Students may also receive their educational services at TCAS as a result of discipline referrals. If the student's currently assigned school has exhausted its means to correct the inappropriate behavior. The inappropriate behaviors may include drug sale/use; excessive disciplinary referrals and on/off-campus felony charges that impede the safety of the school. Students may be assigned to TCAS due to repetitive disciplinary actions as outlined in the Code of Student Conduct. Each student that attends TCAS as a result of a discipline infraction will be required to complete the day's assignments from the referring school and assigned reflection assignments and behavioral management assessments as required by TCAS. Students will remain assigned to TCAS until the required and subsequent classwork is completed. Students that receive discipline referrals that would result in out of school suspensions may complete their suspension at TCAS. Whereas an out of school suspension results in no credit available for missed assignments and unexcused absences for the days missed, attendance at TCAS, and the completion of required class assignments allow the student to continue their academic progress. Failure to successfully complete assignments will result in the suspension being served off campus and the discipline matrix for loss of grading and unexcused absences will apply.

While every effort is extended to have students serve Discipline Referrals at TCAS, circumstances may arise where it is in the best interest of school order to begin immediate suspension of the student off campus.

Rules and Regulations

A student is expected to be in school on time and prepared to learn every day. A student is considered absent from class if the student misses more than 15 minutes of instruction from a class. Unexcused absences will also result in zeroes for all work missed

NO STUDENT ASSIGNED TO TCAS AS A RESULT OF DISCIPLINE REFERALLS SHALL BE AUTHORIZED TO DRIVE TO SCHOOL. ALL STUDENTS SHALL RIDE A DISTRICT SCHOOL BUS OR BE DROPPED OFF/PICKED UP BY THE STUDENTS PARENT.

Security

A School Resource Officer (SRO) will be available to schools at all times through the local law enforcement agency. The school may also be secured with cameras in and outside the classrooms as well as on school buses.

Search and Seizure

The school administrator has the right to search lockers, desks, book bags, cars, and other storage facilities. Random searches may occur at any time there is reasonable suspicion of illegal activity. Searches will be done with at least one adult witness. **Students may be searched upon entrance to the school.** There will not be a strip search. Jackets/coats/sweaters/shoes will be removed and searched and pockets will be emptied. Shoes and socks may also be removed and searched. Students are held accountable for whatever is found in their possession or in their property. K-9 units may be involved in searches without the presence of students in the room. Students are not allowed to have weapons, alcohol, tobacco products, lighters, drugs/drug paraphernalia, beepers, radios/Walkman, headphone sets, toys, etc. Students may have a cell phone, but must be turned in to school personnel upon entrance to the school. If confiscated, the phone will be retained for one week and then returned to the student. Any other electronic devices must also be turned in to the school personnel upon entrance to the school and considered like the cell phone. Items that are found which are prohibited by the School Board Code of Conduct will be confiscated. Students who are found with weapons or controlled substances shall be arrested and/or subject to expulsion from school. If a student refuses to cooperate with the search and seizure procedures, the student will be arrested for disruption of school function and a discipline referral will be generated for a major offense.
