What if I Want to Sub When I Retire?

With a PEL, you DO NOT need a Sub license or a Paraprofessional license

Get fingerprinted in each region you wish to sub - considered a change in employment so it's required

Register in ELIS for each region you will be subbing

Go to our website and register to be on our sublist

- www.roe53.net
- Substitute Teaching link (center of homepage)

Retired Illinois Teachers as Subs:

Any retiree that wants to be on the sub list for the ROE will have the same requirements as any other sub as far as providing updated physical/statement of good health and fingerprinting.

- You may sub off of your teaching license (PEL) – no sub certificate necessary as long as you keep your PEL renewed and registered with ROE 53.
- If subbing solely for the district from which you retired, ISBE Legal still recommends updating your file (health and fingerprint). Many, if not all long-term veteran teachers, have never been fingerprinted nor had a physical in many years. It is considered a change in employment and should be updated.

****Important Applicant Responsibilities****

- Take original physical/statement of good health from an appropriately licensed physician to each district so the district can make a copy of your originals for their files
- Take original state and federal fingerprint results to each district so district can make a copy of your originals for their files
- **Complete the ROE 53 Substitute Teacher Registration form** to be on the sub list distributed to districts
- Register with the ROE 53 region through your ELIS account
- Complete all requirements for licensure (PEL for teachers or ELS those without teacher licensure) outlined by code/law
- Maintain licensure registration and renewal
