

STUDENT HEALTH SERVICES

The Tazewell County School Board may employ school nurses, physicians, physical therapists, occupational therapists and speech therapists who meet such standards as may be determined by the Board of Education. Subject to the approval of the local appropriating body, a local health department may provide personnel for health services for the school division.

Safety: Protective Eye Devices

Every student and teacher in any school participating in any of the following courses or laboratories shall be required to wear industrial quality eye protective devices at all times.

1. Vocational or industrial arts shops or laboratories involving experience with:
 - a. Hot molten metals;
 - b. Milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials;
 - c. Heat treatment, tempering, or kiln firing of any material or other metal;
 - d. Gas or electric arc welding;
 - e. Repair of any vehicle;
 - f. Caustic or explosive materials;
2. Chemical or combined chemical-physical laboratories involving caustic or explosive chemicals or hot liquids or solids.

The school board shall furnish the eye protective devices free of charge to the students and teachers of the schools participating in the activities identified above; provided, however, that such devices may be furnished by parents or guardians of such students. Eye protective devices shall be furnished to all visitors to such courses.

Regulatory Authority: (1980)

Code of Va., § 22.1-275. Protective eye devices.

Approved by School Board: June 9, 1986

Accidents/Injuries and Illnesses

Any accident, injury or illness which occurs on a school bus, in the school building or on the school grounds must be immediately reported to the principal or a designee. This is essential for medical and insurance purposes.

The principal will report all occurrences to the superintendent's office.

Approved by Superintendent: June 9, 1986

STUDENTS

Accidents/Injuries and Illnesses: Emergency Care

School Personnel:

1. Shall render emergency care only to students who are injured at school. Students who are injured at home or in areas for which the school is not responsible shall not be treated by school personnel.
2. Shall proceed on the assumption of maximum disability in the event the severity of an injury cannot be determined.
3. Shall see that first-aid kits are handily available when students are conducted on field trips.
4. Shall under no circumstances stipulate or imply to anyone that they or the school are responsible or liable for an accident. Responsibility or cause and payment of doctor bills is to be decided by the insurance carrier.
5. Shall notify the parent before a physician is contacted except in cases of extreme emergency. This must be a matter of judgment. The decision to contact a physician immediately should be made if it is in the best interest of the student.
6. Shall file a report of the occurrence on forms provided for that purpose.
