

Scott County Board of Education

Monitoring: Review: Annually, in October	Descriptor Term: Scheduling and Routing	Descriptor Code: 3.401	Issued Date: 12/10/09
		Rescinds: 3.401	Issued: 10/11/07

1 All school bus routes shall be arranged in such a way as to travel the shortest possible distance from
2 the time the first student is picked up until the trip is complete.

3
4 The transportation supervisor will be responsible for surveying all bus routes and scheduling bus transpor-
5 tation, including the determination of bus stops and the assignment of students. Deleting or establishing
6 new bus routes is the responsibility of the Board.¹

7
8 Appeals of transportation decisions shall be made to the director of schools.

9
10 Students shall not be in transit to and from school more than one and one-half hours each way.² Under
11 no circumstances shall students be transported past their assigned school.

12
13 Where practical, transfers may be made from one bus to another. Both buses shall be present while the
14 transfer is in process, unless the transfer point is a school campus. Leaving students at a home or place
15 of business for transfer shall be permitted only after approval has been obtained from the Board.

16
17 Bus routes shall not overlap unless necessary to reach some other portion of each respective route or
18 unless overlapping results from the necessity to travel the main highway to school centers. When more
19 than one bus travels a main highway and each bus picks up some students along such routes, each bus
20 shall be assigned a certain portion of the route and all students within this section shall ride the bus to
21 which assigned.

22
23 Every bus driver, at the beginning of the school year or, in the event that the driver is hired during the
24 school year, at the time of hire, shall be informed of all the policies and procedures in place regarding the
25 transportation of students.

26
27 Once the official route is begun, stops shall only be made to take on, discharge or transfer students.
28 Buses are not to stop at stores (or make any other nondesignated stops except for emergencies) when
29 transporting students.

30
31 No student may exit the bus at a destination other than that student's designated bus stop. The Director
32 may adopt, with the approval of the Board, procedures that would allow a student to exit the school bus at
33 an alternative location. If the Director adopts procedures, such procedures shall include, at a minimum,
34 the following:³

- 35
36 1. No school bus driver shall require or permit a student to exit the bus in violation of the School
37 System's policies and procedures. The Director shall immediately review the fitness to drive of a
38 driver who permits or requires a student to exit a bus in violation of the School System's policies
39 and procedures.

- 2. No student shall be allowed to exit the bus at a stop other than the student’s regular bus stop unless the student provides the driver with a signed note from the parent or guardian informing the driver of the change in the student’s bus stop for the day. The driver shall turn the note over to the principal as soon as practical after the completion of the route.
- 3. In the event that the driver finds it necessary for a student to exit the bus at a stop other than the student’s designated stop in order to preserve the safety of other student passengers or the driver, the driver may remove the offending student from the bus provided that the driver secures the safety of the student for the uncompleted trip.
- 4. A driver shall report to school authorities as soon as possible, but no later than the end of the route, any student refusing to obey the driver or exiting the bus without the driver’s permission at a point other than the student’s destination for that trip.

Students who ride school buses shall attend the school designated unless the Board designates an alternate school. If a parent chooses to send his/her child to another school in the system, the parent must provide transportation to and from that school.

The Scott County Board of Education has authorized that student walk zones to and from bus pick-up and drop-off points shall not exceed 2/10 of a mile. Safety concerns with assigned pick-up and drop-off locations should be reported to the director of transportation who will make recommendations to the director of schools who will have the final say as to the location of bus stops.
