## 1 **Community Resources**

2 Community resource people and agencies which have potential to enhance teaching and learning may  
3 be invited by school personnel to speak to students.

## 4 **Guest Speakers**

5 A teacher wishing to secure the service of a guest speaker (resource person) shall secure approval from  
6 the principal prior to inviting such speaker. A guest speaker may be invited to address students on a  
7 subject which is relevant to the goals of a specified educational activity. An invitation does not imply  
8 an endorsement by the teacher, school, or system of the views of the speaker. The staff member  
9 requesting the guest speaker shall be present during the presentation to clarify, interpret, and establish  
10 the relationships to learning activities. A speaker wishing to address the entire system must be  
11 approved by the superintendent.
