If one or more of these requirements are not met, the Board authorizes the director of schools to take formal action to bring the child into compliance with the compulsory attendance law (until the child has reached age 17), either in the home school or in a public, private or church-related school.

It shall be the policy of this Board that public school facilities shall be available for home school instruction only when *all* of the following conditions exist:

1. Special needs courses are being taught which require services unavailable to the home school student;
2. These services cannot be provided through any means other than the public schools;
3. Requests for services are made known by the home school parent when notice is given to the director of schools of the intent to conduct a home school;
4. The director of schools investigates request and make recommendations to the Board;
5. No overcrowding, additional expenses, including providing transportation, or other special situations which interfere with the normal operation of the school system shall be incurred; and
6. Approval by the Board on a case-by-case basis.

The director of schools, through the attendance supervisor, shall have the attendance records of the home school inspected at least two (2) times each school year in order to provide assistance in implementing the Compulsory Attendance Law.

If a home school student falls more than one (1) year behind his appropriate grade level in his/her comprehensive test score for two (2) consecutive tests, and if a certified teacher who would have taught the child at his/her grade level determines through appropriate means that the student is not learning disabled, the director of schools shall require the parents to enroll the child in a public, private or church-related school.
