## PHYSICAL EXAMINATIONS

The principal shall ensure that there is a complete physical examination of each student prior to:

1. Entering school for the first time. This applies to kindergarten, first grade and other students for whom there is no health record;<sup>1</sup> and
2. Participation as a member of any athletic team or in any other strenuous physical activity program.<sup>2</sup>

Cost of the examination shall be borne by the parent or guardian of the student. These records shall be on file in the principal's office.<sup>3</sup>

Screening tests for vision, hearing, scoliosis and lice will be conducted. Parents/Guardians will receive written notice of any screening result that indicates a condition that might interfere or tend to interfere with a student's progress.

In general, the school district will not conduct physical examinations of a student without parental consent to do so or by court order, unless the health or safety of the student or others is in question.<sup>4</sup>

## IMMUNIZATIONS

No students entering school, including those entering kindergarten or first grade, those from out-of-state and those from nonpublic schools, will be permitted to enroll (or attend) without proof of immunization, as determined by the Commissioner of Public Health.<sup>3</sup> It is the responsibility of the parents or guardians to have their children immunized and to provide such proof to the principal of the school which the student is to attend.<sup>5</sup>

Exceptions, in the absence of an epidemic or immediate threat thereof, will be granted to any child whose parent or guardian shall file with school authorities a signed, written statement that such measures conflict with his/her religious tenets and practices; or due to medical reasons if such child has a written statement from his/her doctor excusing him from such immunization.<sup>6</sup>

Proof of exceptions will be in writing and filed in the same manner as other immunization records.

A list of transfer students shall be kept at each school throughout the school year in order that their records can be monitored by the Department of Health and Environment.
