Benton County Board of Education Descriptor Term: Glucagon and Diazepam Gel (Diastat) Descriptor Code: 6.4051 Rescinds: 1ssued: 6.4051 Issued: 11/04/13

- School personnel, who volunteer, under no duress or pressure and have been properly trained by a
- 2 registered nurse, are permitted to administer glucagon in emergency situations to a student based on
- 3 physician's orders and/or the student's Individual Health Plan. If the school nurse is on site, the nurse
- 4 shall provide the service to the student.¹
- 5 The school nurse shall be responsible for updating and maintaining each Individual Health Plan. There
- 6 must be a parent/guardian signature on file giving permission prior to training school personnel to
- 7 administer glucagon.

Review: Annually, in

8 DEFINITION OF GLUCAGON

- 9 Glucagon is a hormone that helps the liver release sugar, thus increasing the level of sugar in the blood.
- 10 It must be injected with a syringe into the body like insulin.

11 WHEN TO USE GLUCAGON

- Glucagon is administered when the student has low blood sugar and is unable to take liquid or food by
- mouth because of unconsciousness or seizure activity as per a medical provider's written instructions.

- 1. Review physicians' orders for glucagon and parent/guardian permission on file.
- 2. The volunteer must complete an initial in-depth diabetes-related training recognizing signs and symptoms of hypoglycemia and respond with student-specific interventions.
- 3. The volunteer trainee must be able to state how glucagon's action and the need medically for its use.
- 4. The volunteer trainee must be able to state how glucagon should be prepared, the dosage, and side effects as well as follow-up care after the administration of glucagon.
- 5. The volunteer trainee must be able to identify where glucagon will be stored (must be kept in a secure location away from heat and direct light) and readily available to the student.
- 6. The volunteer trainee will notify or delegate notification of EMS/911 personnel, parents/guardian, and the school nurse any time glucagon is administered to any student.
- 7. The volunteer trainee must document observations, administration of glucagon, and follow-up care on the appropriate diabetic and medication forms.
- 8. Training will be provided until competency is demonstrated and retraining shall be completed on a yearly basis. Training will be documented and include a skills checklist, instructor's name, trainee's name, date of training, and documentation of competency of trainee to administer

glucagon. A copy of the trainee's competency training form will be kept in the employee's personnel file.

3 DEFINITION OF DIAZEPAM (DIASTAT)

- 4 Diastat works to stop seizure activity by acting on brain cell interactions that inhibit the seizure
- 5 discharges. This special formulation of diazepam is administered rectally as a gel.
- 6 In addition to the assistance with self-administration of medications provided in subsection (a), public
- 7 and non-public school personnel who volunteer under no duress or pressure and who have been
- 8 properly trained by a registered nurse or employed or contracted by the Benton County School System
- 9 or governing board may administer anti-seizure medications, including diazepam gel to a student in an
- emergency situation based on the student's Individual Health Plan. If the school nurse is available, on
- site, and able to reach the student within the time limit for administration specified in the IHP, then the
- school nurse shall provide this service to the student.

13 WHEN TO USE DIASTAT

- 14 Upon the decision of a trained volunteer to administer diazepam gel (Diastat), school officials shall
- immediately summon local emergency medical services to the school to provide necessary monitoring
- of transport to safeguard the health and condition of the student.
- 17 Trained volunteer school personnel administering anti-seizure medications under this subsection, any
- 18 registered nurse who provides training to administer such medications, and any local board of
- education shall not be liable in any court of law for injury resulting from the reasonable and prudent
- assistance in the administration of such medications, if performed pursuant to the policies and
- 21 guidelines developed by the departments of health and education and approved by applicable
- regulatory or governing boards or agencies.
- 23 Benton County School System shall not assign a student with epilepsy or other seizure disorder to a
- school other than the school for which the student is zoned or would otherwise regularly attend
- because the student has a seizure disorder.
- A student's parent or guardian, who has given the student's school written authorization to administer
- 27 anti-seizure medication, shall, in accordance with the student's IHP, notify the school administrator or
- 28 school nurse if anti-seizure medication or prescription or over-the-counter medicines are administered
- at a time at which the student is not present in school. The student's IHP shall set forth with specificity
- 30 the requirements of reporting administration of medication and for the dissemination of such
- 31 information to volunteer school personnel trained to administer anti-seizure medication. Such
- 32 notification shall be given after administration of medication before or at the beginning of the next
- 33 school day in which the student is in attendance.

34 TRAINING

37

- 35 Prior to administration of an anti-seizure medication to a student by volunteer school personnel or a
- school nurse in an emergency situation, the student's parent or guardian shall provide:
 - 1. The school with a written authorization to administer the medication at school;

	_	
1	2.	A written statement from the student's health care practitioner, which shall contain the student's
2		name, the name and purpose of the medication, the prescribed dosage, the route of
3		administration, the frequency that the medication may be administered, and the circumstances
4		under which the medication may be administered;
5	3.	Prior to its date of expiration, the prescribed medication to the school is in its unopened, sealed
6		package with the intact label affixed by the dispensing pharmacy.
