Crisis Management is a central component of comprehensive school safety. The administration, faculty, and staff of Troy City Schools consider school safety a top priority in providing an environment conducive to the highest levels of teaching and learning. A safety plan representing the district and each school has been developed to help insure the safety and security of all students, staff members, and visitors. The plan places a premium on safety and security without restricting the opportunity for parents and community members to have access to and participate in the instructional and extracurricular components of our system. Anyone entering a campus or an extracurricular activity associated with Troy City Schools is expected to follow the established policies, procedures, and directives of school personnel.

Please contact the school or local law enforcement with any security issues or threats regarding your schools.
