

BUDGET – ANNUAL OPERATING

It shall be the responsibility of the county superintendent to prepare the annual operating budget for submission to the County Board of Education for review, revision, and subsequent approval for submission to the state. The County Board shall conduct a public hearing concerning the preliminary operating budget for the next fiscal year not less than ten (10) days after such budget has been made available to the public for inspection and within a reasonable time prior to the submission of the said budget to the state board for approval. Such submission shall be made in accordance with the budget calendar.

At the continuance of the statutory adjourned session and after written approval of the state board has been received and the levy estimate has been approved by the tax commissioner as required by law, and after hearing any objections from the public, the County Board of Education may proceed to adopt its budget and lay the levy.
