

EDUCATION GOALS

The educational program of Tyler County Schools is organized and maintained as a single system under the direction of the Superintendent of Schools. The Tyler County School system constantly strives to maintain realistic educational goals and to be comprehensive in its offerings relative to the educational needs of the community and the varying individual student needs.

Tyler County's educational program places priority in Reading/Language Arts, and Mathematics. An early diagnostic prescriptive approach insures learning based upon readiness and continuous progress.

The guiding principle for learning in Tyler County Schools is to foster high academic achievement by combining a rigorous academic program with a realistic understanding of work place expectations. Tyler County will assist students in achieving high levels of performance in the adopted College and Career Readiness Standards, Next Generation Standards and Objectives, and the Student Success Standards.
