

FIELD TRIPS

The Tyler County Board of Education encourages extended learning experiences for all students that will supplement classroom instruction and show a direct relationship to the Instructional Goals and Objectives. All field trips must receive prior approval of the building principal and the Board of Education.

Trips that are planned solely as a reward for students shall be scheduled after the regular school day or on non-instructional days.

Requests for curricular trips shall be submitted by formal letter, including a completed bus request form, if appropriate. All curricular trip requests must be approved (initialed) by the Principal before being forwarded for Superintendent and/or Board of Education approval.

DATE: 8/7/18, 4/7/15, 1/20/09, 12/5/06, 8/20/01
