

SUPERVISION OF STUDENTS

It shall be the responsibility of each principal to see that students are adequately supervised at all times, in order to provide for the safety of students and to insure proper conduct.

At least one teacher or supervisory aide shall be on duty each morning when the first bus arrives and until the last bus leaves at the end of the school day.

Lunch periods, breaks, elementary recess, and all school-sponsored activities shall be adequately supervised by school personnel. The Principal shall be responsible for determining the number of personnel needed for supervision.

Students are not permitted to leave school grounds at any time during the school day without the principal's permission.

Students may only be released to their parent or guardian, unless there are extenuating circumstances approved by the principal.
