

# UNION COUNTY SCHOOL DISTRICT

*Building The Future One Child At A Time*

February 23, 2015

We have recently experienced unpredictable weather and more is in the forecast this week. We thank you for your understanding and cooperation as these difficult decisions are made to dismiss school. Many factors are considered prior to dismissing school but the safety of our students and staff is always our number one priority.

When inclement weather occurs we seek guidance from our local law officials, Union County Emergency Management, National Weather Service, and local weather media outlets. We also must consider road conditions in the different parts of our county which spans a large area. Bus drivers are put on standby and are always willing to respond when the call is made for a late start or an early dismissal. In our effort to make the best decision but also inform parents timely, we are using Facebook, Active Instant Messaging, and our local media outlets for communication.

We understand the inconvenience when last minute changes must be made to care for your children but certainly appreciate your cooperation.

Again, thank you for your support.

Ken Basil, Superintendent
