

Counseling Services Offered

- Individual counseling and academic advisement-e.g., resolve conflicts, learning how to set goals and planning for achieving them, using appropriate social skills, specific student concerns (grades, peer pressure, etc.)
- Teacher Consultation—working with administrators, teachers, and staff to be a student advocate in creating an educational plan that accentuates their aptitudes and abilities with data, home interviews, and teacher discussions.
- Parental Support —meet individually with parents to provide resources and information on child development as well as planning for high school, career related issues, and any school/ home related needs.
- Intervention & Referral Services —provide referrals to appropriate professionals in the school and in the outside community.
- Registering New Students—interview students, student placement in both academic and extracurricular opportunities, etc.

In times of crisis, counselor will respond to the needs of all staff and students.
