

# Technology User Agreement / Acceptable Use Policy

**Note:** This Policy was adopted from the Warsaw R-IX Public Schools Technology Usage Agreement. The complete documents (EHB\*) are available at the website below or in the Superintendent's Office.

[https://simbli.eboardsolutions.com/SB\\_ePolicy/SB\\_PolicyOverview.aspx?S=31&Sch=31](https://simbli.eboardsolutions.com/SB_ePolicy/SB_PolicyOverview.aspx?S=31&Sch=31)

I understand that my use of the district's Internet, network, hardware, and software is a PRIVILEGE--not a right. I understand that my use of the district's technology is not private and that the school district may monitor my use of district technology, including, but not limited to, accessing browser logs, e-mail logs, and any other history of use. I consent to district interception of, or access to, all communications I send, receive, or store using the district's technology resources, pursuant to state and federal law, even if the district's technology resources are accessed remotely.

Use of technology resources in a disruptive, inappropriate or illegal manner impairs the district's mission, squanders resources, and shall not be tolerated. Therefore, a consistently high level of personal responsibility is expected of all users granted access to the district's technology resources. Any violation of district policies or procedures regarding technology usage may result in temporary, long-term, or permanent suspension of user privileges. User privileges may be suspended pending investigation into the use of the district's technology resources.

Users may be disciplined, suspended, expelled, or terminated for violating the district's technology policies and procedures. Any attempted violation of the district's technology policies or procedures, regardless of the success or failure of the attempt, may result in the same discipline or suspension of privileges as that of an actual violation. The district will cooperate with law enforcement in investigating any unlawful use of the district's technology resources.

Warsaw R-IX provides filtered, open Internet access for personal devices, also known as bring your own device (BYOD). This network is segregated from our main network, and any attempt to access our main network is prohibited. Warsaw R-IX reserves the right to block any BYOD for any reason at any time.

I have read the Warsaw R-IX School District Technology Usage Board Policy and administrative regulations. I agree to abide by their provisions and understand that violation of these provisions may result in disciplinary action taken against me.
