Application is hereby made to obtain a permit to do the work and installation as indicated. I certify that no work or installation has commenced prior to the issuance of a permit and that all work will be performed to meet the standards of all laws regulating construction in this jurisdiction. I understand that a separate permit must be secured for ELECTRICAL WORK, PLUMBING, SIGNS, POOLS, AIR CONDITIONERS etc. **NOTICE:** In addition to the requirements of this permit, there may be additional restrictions applicable to this property that may be found in the public records of this county. There may be additional permits required from other government entities such as D.E.P, water management districts, state agencies, or federal agencies.

I understand all **REQUIRED INSPECTIONS** will be requested of the work permitted herein. Compliance will be strictly enforced. This permit is **VOID** after six (6) months from issuance unless the work it covers has been commenced and has had ongoing inspections. The Building Official may revoke this permit or remove service, in such case as there has been any false statement or misrepresentation as to the material fact in the application or plans, upon which this permit was based. All permits expire 180 days from an inspection and must be re-permitted unless a final inspection is called for and passed.
