

Webster County School District Dropout Prevention and Recovery Plan

The Webster County School District is committed to reducing the dropout rate. The school district has developed a comprehensive plan of action to address the dropout problem in the community.

The focus of the plan is . . .

- (1) to identify at-risk students;
- (2) to provide mentoring and counseling to at-risk students;
- (3) to offer flexible learning options for at-risk students.

For information about the plan, contact . . .
