## Student Handbook

### 2022-2023

# Webster County School District Student/Parent Handbook 2022-2023

This handbook is property of \_\_\_\_\_

## **Purpose of the Handbook**

This handbook is provided to keep students, parents, teachers, and school administrators informed concerning the rules, regulations, policies, and organization of the district. The handbook deals with most of the activities and programs offered. However, a handbook of this nature cannot be all-inclusive and students/parents are encouraged to contact school officials when questions arise. The personnel of the district hold to the philosophy that all students can be successful when there is a joint, cooperative effort between the school and home. Parents are encouraged to work toward that goal to better insure the success of the student as he/she progresses through the public education system.

This handbook represents the rules, regulations, and policies of the district. The Board of Education serves as the policy-making body. It is the duty of all teachers and administrators to apply policy. However, it must be remembered that while policy is not inflexible, there is a proper procedure to policy modification and arbitrary disregard for policy is not acceptable. In many cases, the rules and regulations set forth herein have been abbreviated due to space limitations. Full policy statements are contained in the district's policy manual located at each school and the district office. The Board's adoption of this handbook makes the rules and regulations included herein policy. The Board of Education reserves the right to amend, or delete any and all policies as local conditions and practices may dictate.

WEBSTER COUNTY BOARD OF EDUCATION

**WEBSTER COUNTY SCHOOL DISTRICT  
2022-2023 SCHOOL CALENDAR**

The school calendar has been devised to provide 180 days of classroom instruction for students plus 7 work days for teachers. Should inclement weather conditions or other unavoidable acts of nature necessitate the closing of the school district from the minimum school term of 180 days, the required make-up days will be scheduled from Holidays or the last week of May.

All personnel are requested to adhere to the approved calendar for the 2022-2023 school year in order to eliminate as much interference as possible with the instructional program. Determined efforts should be made by all administrative personnel to permit no encroachment on teaching and learning time by non-instructional activities and to permit no scheduling of major extra-curricular activities during major school district testing periods.

## **Important Notices:**

### **School Violence/Threats Of Violence**

Violence or threats of violence or any other activity that disrupts the educational process and/or threatens the health or general safety of other students or staff **will not be tolerated**. The administration and school staff will take threats of violence seriously and violators will be dealt with swiftly and accordingly. Violent acts or threats of violent acts will not be viewed as pranks or "playing around" activities by students or others.

Further, students and staff have a duty to report any knowledge they may have regarding the threat of a violent act to school authorities. This includes, but is not limited to, reporting knowledge of verbal or written comments by an individual or group of individuals stating their intent to commit a violent act or knowledge that an individual is in possession of an item that is considered or could be considered a weapon.

### **Section 37-11-18, Mississippi Code of 1972, as Amended**

"Any student in any school who possesses any controlled substance in violation of the Uniform Controlled Substances Law, a knife, handgun, other firearm or any other instrument considered to be dangerous and capable of causing bodily harm or who commits a violent act on educational property as defined in Section 97-37-17, Mississippi Code of 1972, shall be subject to automatic expulsion for a calendar year by the superintendent or principal of the school in which the student is enrolled; provided, however, that the superintendent of the school shall be authorized to modify the period of time for such expulsion on a case by case basis. Such expulsion shall take effect immediately subject to the student's right to appeal to the local school board."

### **Prohibition Of The Use Of Tobacco On School Property**

**(As Adopted by the MS Legislature General Session 2000)**

The Mississippi Legislature acted during the 2000 Legislative Session to adopt and codify the following state law as recited under Sections 97-32-25, 97-32-27, and 97-32-29. In summary, these laws prohibit the use of tobacco by any person on certain educational property and to prescribe fines for violations thereof, and for related purposes. Educational property under this law means any public school building or bus, public school campus, grounds, recreational area, athletic field, or other property owned, used, or operated by any local school board, school, or directors of any public educational institution or during a school-related activity.

### **Pledge Of Allegiance To The United States Flag**

**Senate Bill 2321** states: "From and after July 1, 2002, the school boards of all public schools of this state shall require teachers to have all pupils repeat the oath of allegiance to the U S flag at the beginning of the first hour of class each day school is in session.

"I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one nation, under God, indivisible, with liberty and justice for all."

These must be signed and returned the next day. At the end of the year, report cards are mailed home. Note: Student report cards will be held if any fines, dues, or overdue books are unpaid or not returned.

## **Progress Reports (Policy IHAB)**

Between report cards, you will receive a progress report describing outstanding work or a need to improve.

## **Parent Conferences**

All parents are invited to schedule a conference to discuss your child's progress. This is a very important way to communicate student's strengths and areas for improvement. Conferences may be scheduled at any time during the school year but only before or after school or during that teachers conference period.

## **Testing/Assessment (Policy II)**

During the school year, you will be given various tests, which will give us important information about your abilities, achievement, and interests. Tests show the individual progress you have made AND the ways that we can improve our instructional program.

## **Promotion Requirements (Policy IHE)**

Grades 6-8: Students may fail only one subject and be promoted to the next grade.

Grades 9-12: Students will be classified in grades 9-12 according to the number of units earned and the level of English completed as follows:

Senior:	16.5-up credits with English III

## **Graduation Requirements (Policy IHF):**

Students must satisfy state and district graduation requirements by the graduation date in order to participate in the graduation ceremony. These requirements include:

Students are awarded an extra quality point on GPA for completing an AP class.

### **Merit Ceremony**

Scholarships presented at the Merit Banquet must be through organizations. A committee will determine the scholarships that will be given at the banquet.

### **Financial Obligations**

Students may incur financial obligations such as lost or damaged textbooks, workbooks, lab fees, and activity fees. It is their responsibility to pay all financial obligations by the end of each semester. Students who owe money at the end of a semester will not receive their report cards until they meet their obligations. Students unable to pay because of financial hardship should talk to the secretary to set up a plan to help them meet their obligations. Report cards, diplomas, and/or transcripts will be held until all financial obligations are met.

### **Guidance Services**

Guidance services are available for every student in the school. These services include assistance with educational planning, interpretation of test scores, occupational and career information, and help with home, school, and personal problems. Students wishing to see a counselor should schedule an appointment in the guidance office before school, after school, break, or during lunch.

### **Schedule Changes**

In order to make a schedule change, a student must first request a change in writing. Since prior planning was done to develop the schedule, changes in schedules will not always be granted. Schedules will not be changed after the first five days. Schedule changes will be made for the following reasons only:

1. Repeating a class that has already been passed (unless repeating to raise the grade).
2. Another course is needed for graduation.
3. Students have been placed into an inappropriate level class or do not meet the prerequisite.

*Note:* Students must be enrolled in six classes each semester.

*Note:* Students should seriously consider the courses they select. Consult with counselors and teachers; talk with your parents. Changes after course selection cards are turned in will be made only for extenuating circumstances.

- Any activity taking place in the school building or on the school grounds shall be adequately supervised.
- The private vehicles of students shall remain parked and locked while at school and until the end of the student's school day. The private vehicle of a student shall not be used by the student or by another student to run errands, transport students to school sponsored activities, field trips or for any other purpose other than the personal transportation of the student to and from school and for doctors' appointments and bona fide emergencies approved in advance by parent/guardian and principal. The parent reassumes control over the student at the time the student leaves the school premises.
- Students who are to be players, participants, or performers in school-sponsored activities shall be transported to all such activities in school district owned or leased vehicles.
- Students, as members of clubs, teams, groups, etc., who are to be players, participants, or performers are expected and shall travel to and from school-sponsored activities as a group.
- All practices and rehearsals for any school-sponsored activity shall take place in school or on the school grounds under the supervision of school personnel. There shall be no practices or rehearsals for school-sponsored activities in private homes or public businesses.
- Classroom teachers, club sponsors and sponsors/directors of extracurricular activities, including sports shall never leave those in their charge unsupervised and unattended whether at school, away from school, during school hours or after school hours. This includes field trips, club trips and sports events.
- No student shall be abandoned by a sponsor/director/chaperon at the completion of a school-sponsored activity to wait for a ride or to walk home.

### Supervision at Events

Students are under the supervision of school personnel at home and away events, regardless of whether they travel to the event with school personnel or not, **must** remain on the East Webster side of the event. Students may be held accountable for things that happen while attending other contests not involving Webster County Schools.

### Attendance, Tardiness, and Excuses (JBD-WC)

Regular attendance and academic success go hand in hand. The Webster County School District requires students to regularly attend class sessions.

Absences are recorded by class/period. Absence is defined as the student not being present for at least 30 minutes of the class/period. **A student shall be allowed a maximum of 10 absences, including check-in and check-outs, excused by a parent note per one school year.** A doctor's excuse must be presented if the 10 absences with parent notes have been used. Doctor's notes do not count for any of the parent notes and can be used at any time to excuse an absence. The student does not have to use the parent notes before they use a doctor's excuse. When a student

has used their 10 parent notes and doesn't have a doctor's excuse, they will be assigned after school detention. If students do not serve after school detention, they must go to ISS for one day.

**A written excuse (parent note or doctor's) must be given to school officials on the day the student returns to school from a check out, check in, or absence** in order for the student to receive an excused absence. A parent's note excusing an absence should include the date(s) the student was absent, the reason for the absence, the parent/legal guardian's signature, and a phone number where the parent/legal guardian may be reached during the school day. A student with an excused absence will be allowed to make up missed work with full credit. If a student receives an unexcused absence, he/she will not be allowed to make up any work that was missed and will receive a zero (0) for work that was missed, and may face further disciplinary action as deemed appropriate by the building level principal.

### **College Days**

Students who are classified as seniors will be permitted **two** excused college days during their senior year. These visits should be used during the months of September through April. Students wishing to make a college visit should submit **a request in writing one week prior to the scheduled visit**. In order for the absence to be excused, the student must present a signed college visitation form upon his return to school (Visitation forms are generally available on all college campuses). The correct paperwork must be completed in order for the absence to not count against the student. A college day absence will not count against exam exemption.

### **Make-up Work**

It is the student's responsibility to make up work that is missed. A student, who needs to make up work after an absence, must contact each of his/her teachers immediately upon returning to school to make arrangements for making up the work. If a student has received an assignment before the absence, the assignment is due the day the student returns to class.

All work missed during an absence must be made up within the time allowed by the "one day plus" rule. For example, if a student missed school on Wednesday, then all make up work will be due Friday, (1 day +1 day missed).

On school-sponsored trips, assignments should be secured ahead of time and are due on the day the student returns to class.

A student who receives out-of-school suspension will not be allowed to make up any daily work missed. A grade of zero will be recorded for all assigned work missed during the suspension.

**Requests for assignments in advance will be honored to the extent that the teacher and the principal deem them appropriate. Advanced assignments will not be provided on material that has not been taught in class.**

### **Exemptions**

Students in grades 6-12 **may exempt second (Fall) semester exams** if they meet any of the following criteria:

1. Overall "A" course average and has no more than three (3) absences for the year.
2. Overall "B" course average and has no more than two (2) absences for the year.
3. Overall "C" course average and has no more than one (1) absences for the year

Students in grades 6-12 **may exempt second (Spring) semester exams** if they meet any of the following criteria:

2<sup>nd</sup> Semester Courses:

1. Overall "A" course average and has no more than six (6) absences for the semester.
2. Overall "B" course average and has no more than four (4) absences for the semester.
3. Overall "C" course average and has no more than two (2) absences for the semester.

Dual Credit courses do not follow the exemption policy

A student has the option to take an exam if he/she feels it will improve his/her grade.

All absences will be counted except those that are school related such as choir/band trips, athletic contests, senior college days, etc. It is the student's responsibility to gather and provide documentation of school related absences. **Suspensions** will invalidate the privilege of exemption in all classes.

### Excused Absences

For the purposes of this policy, an absence shall be excused if it is due to one of the following valid excuses:

1. Attendance at an authorized school activity with the prior approval of the superintendent of the school district or his designee.
2. Illness or injury which prevents the student from being physically able to attend school.
3. When isolation is ordered by the county health officer, by the State Board of Health or appropriate school official.
4. Death or serious illness of a member of the immediate family, which includes children, spouse, grandparents, parents, brothers, sisters, stepbrothers and stepsisters.
5. A medical or dental appointment with prior approval of the superintendent or his designee, except in the case of emergency.
6. Attendance at the proceedings of a court or an administrative tribunal if the student is a party to the action or under subpoena as a witness.
7. Observance of a religious event, with the prior approval of the superintendent or his designee. (Approval should not be withheld unless, in the professional judgment of the superintendent or his designee, the extent of the absence would adversely affect the student's education.)
8. Participation in a valid educational opportunity, such as travel including vacations or other family travel with the prior approval of the superintendent or his designee. (Approval shall be based on the professional judgment of the superintendent or his designee but shall not be withheld unless the extent of the absence would adversely affect the student's education.)
9. Other conditions sufficient to warrant nonattendance, with prior approval of the superintendent or his designee.

No absence shall be excused when it is due to suspension, expulsion, or other disciplinary action.

(NOTE: A District cannot legally assign a suspended student an unearned grade, i.e. a "0" for each day of the suspension, but the student may be assigned an unearned grade for work actually missed during a suspension. However, to avoid adopting a policy that would ensure a student's failure, the District may want to adopt a provision that permits or requires suspended students, who are not immediately placed in an alternative school program, to make-up work within specific deadlines.)

### Tardiness

A student is tardy if he/she is not in class when the tardy bell rings. A student who is tardy for 1<sup>st</sup> period will go to morning break detention. Students will not use parent notes for tardies. After 3 tardies/break DT, the student will serve one day In School Suspension. Tardies will reset at the end of the semester.

Tardiness to school caused by the following reasons shall be excused and not be recorded against a student:

1. School transportation or other school related actions.
2. Medical or dental appointments only if accompanied by a note from the physician, dentist or other medical staff on their office letterhead.
3. Illness of the student if accompanied by a valid statement or note from the parent, legal guardian or custodian.
4. Special circumstances such as natural disasters, weather, traffic accidents, or other causes acceptable to the building administrator. Legal Ref: Miss. Code Ann. 37-13-91 (1995)

In order to promote the concepts of timeliness and responsibility in students, the following policy shall be followed in regard to tardiness:

1. Students are expected to be in classes promptly. Students are not allowed to be out of class without the permission of the principal/assistant principal.
2. Students are allowed sufficient time to pass from one class to the next and should not be tardy except in cases of emergency. In the event the student needs more than the specified time, the student should report to their class first and obtain the permission of the teacher.
3. Tardiness will result in morning or afternoon detention.

4. Work missed due to an unexcused tardy may not be made up. A student is tardy to school if the student arrives any time after the tardy bell for the first period or after the student's first class begins. Any student who is tardy to school MUST report to the appropriate administrative office BEFORE going to his/her assigned class.
5. Tardiness due to personal illness, illness in the family, death in the family, or other emergencies may be approved if a written note from the student's parent/guardian or the person responsible for bringing the student to school is presented at the time of arrival. This will count against your 10 parent notes allowed for the entire school year. Oversleeping, clock failure, missed rides, etc. will not be an excuse for tardiness. In all cases, the principal in charge of issuing the admittance slip may, in his/her absolute discretion, verify any such note.
6. Unexcused tardiness of more than five minutes will be considered as cutting.
7. Students in attendance for less than 30 minutes in a class period will be counted absent for that period.

School principals are authorized to determine appropriate management and disciplinary techniques to be used when students are tardy for school or classes.

**Students must check into the office upon arriving and check out before leaving. The school will be secure from 7:45 to 2:55.**

**(As with tardies, even if an unexcused absence is an adult's fault, it will still count against the student).**

### **Arrival at school (mornings)**

Before school students must remain outside in designated areas, in the cafeteria for breakfast, or in a tutoring session. On bad weather days, an announcement will be made and students will be allowed to report to their first period class or the designated area (9-12 – gym, 6-8- P.E. building).. Teachers must be in room supervising students. Students should not enter rooms where there is no teacher present. Students shall not be permitted to arrive more than 30 minutes prior to the beginning of the school day and are expected to leave school promptly at the end of the school day unless staying in or participating in a school sponsored and supervised activity (Policy EBB).

### **Absence on the Day of an Activity**

Any student participating in an activity is expected to be in school the entire day of the activity. This includes practice. Any exceptions to this rule will be made at the discretion of the principal. Students are also expected to be in attendance the day after school activities.

### **Hall Passes**

Students are not permitted in the halls during class periods unless they are accompanied by a teacher or have a hall pass. It is important that students use the most direct routes to and from their destination. One student per hall pass is required at all times.

**NOTE:** Passes are given to students for emergency use of the restroom, to the office, or on an errand for the teacher. Students will not be permitted to leave class without a pass.

### **Restroom Use**

Students may use the restroom before and after school, between classes, during break, or at lunchtime. Only in extreme situations should a student ask to leave a classroom to use the restroom. In such cases he/she must have a Hall Pass from a teacher. Please help keep the restrooms clean for the safety and welfare of everyone.

### **Seniors/ Work Permits**

Seniors who are employed and provide the proper paperwork may check out at 2. Any Senior who has not passed a State Test required to graduate is denied the privilege to check out at 2.

### **Textbooks**

Responsibility for textbooks rests with the student to whom the book was issued. The student to whom it was issued must pay for lost or damaged books. Theft will not be accepted as a reason for non-payment. Before graduating or withdrawing all outstanding bills or fines from previous years must be paid.

### **School's Right to Search (Policy JCDA)**

- Students may be searched at school or at a school function pursuant to board policy.

- Lockers, desks, or storage places provided for student use are, and remain at all times, property of the school district. These areas and the contents therefore are subject to a random search at any time, pursuant to board policy.
- Students' vehicles at school or at a school function may also be searched pursuant to board policy.
- The school administration and staff have a right to search a student's personal belongings (including electronic devices) when in the interest of the welfare of other students or is necessary to preserve good order and discipline in the school.

<b>DESCRIPTOR TERM:</b> Mandatory Drug Testing / Student Drug Testing Policy	<b>DESCRIPTOR CODE:</b> <b>ISSUED DATE:</b> JCDAC-WC-1 05-09-16
	<b>RESCINDS:</b> <b>ISSUED:</b> JCDAC-WC 06-23-14

**MISSION STATEMENT:**

Webster County School District recognizes that drug abuse is a significant health problem for students, detrimentally affecting overall health, behavior, learning ability, reflexes, and the total development of each individual. Our stakeholders are determined to help students by providing another incentive for them to say "No". It is critical that educators and parents continually seek ways to implement effective programs that provide the appropriate actions to address and foster a drug free environment in our schools. Drug abuse includes but is not limited to, the use of illegal drugs, alcohol, and the misuse of legal drugs and medications.

**DEFINITIONS:**

**Drug:** Any substance considered illegal by Mississippi Statutes or which is controlled by the Food & Drug Administration unless prescribed by a licensed physician and the misuse of legal drugs and medications.

**Activity Programs:** Any activity that meets the guidelines of the Mississippi High School Activities Association and /or sponsored by the Webster County School District. This includes all school sponsored academic, athletic/spirit and student groups.

**School Year:** From the first day of classes in the fall, unless the activity begins prior to the first day of classes, in which event, from the first day of practice through the last day of classes in the spring.

**TESTING AGENCY:**

The district will choose certified medical personnel for the purpose of randomly selecting students consistent with the criteria set forth by the district, processing sample results, and maintaining privacy with respect to test results and related matters.

**PRESCRIPTION MEDICATION:**

Students who are taking prescription medication may provide a copy of the prescription or a doctor's verification, which will be considered in determining whether a "positive" test has been satisfactorily explained. That

documentation will be forwarded to the testing coordinator to consider the student's use of such medication to assure the accuracy of the result. Students who refuse to provide verification and test positive will be subject to the actions specified below for "positive test".

### **SCOPE OF TESTS:**

The drug screening samples will be tested for illegal drugs and the misuse of prescription drugs. Student samples will not be screened for the presence of any substances other than an illegal drug or for the existence of any physical condition other than drug intoxication. As a quality control measure, the school reserves the right to send any urine sample that appears unusual in color and /or consistency to a laboratory for testing and confirmation or non-confirmation.

### **RANDOM SELECTION CRITERIA:**

All students who opt to participate in activity programs as previously defined and all students requesting driving privileges on campus will be entered into a pool for random selection.

### **PROCEDURES FOR STUDENTS:**

**Consent:** Each student wishing to participate in any activity program and the student's custodial parent or guardian shall consent in writing to drug testing pursuant to the district's drug testing program. Written consent shall be in the form attached to this policy as FORM A. No student shall be allowed to participate in any activity program or drive on campus absent such consent.

Students not involved in activities or driving on campus may be allowed to participate voluntarily in the testing pool with a consent form signed by the parent. Parents may also request that their child be drug tested at the next available date at the parent's expense. (Form D)

**Student Selection:** In adherence to this policy, **ALL** students in activity programs may be subjected to drug testing at the beginning of the school year. In addition, random testing will be conducted a minimum of once each semester. Selection for random testing will be by lottery drawing from a "pool" of all students participating in activity programs and drivers in the district at the time of the drawing. A single test can be required by a principal from a student for reasonable suspicion. The superintendent or designee shall take all reasonable steps to assure the integrity, confidentiality, and random nature of the selection process including, but not necessarily limited to, assuring that the names of all participating students are in the pool, assuring that the agency selecting the students has no way of knowingly choosing or failing to choose particular students for the testing, assuring that the identity of students drawn for testing is not known to those involved in the selection process, and assuring direct observation of the process by the least intrusive means possible while assuring brevity and privacy.

### **SAMPLE COLLECTION:**

Samples will be collected **within a two (2)-hour time period** on the same day the student is selected for testing. **ALL** testing will consist of urine samples. If a student is absent on that day, the student may be tested upon the student's return to school. A student who is notified and fails to report immediately shall result in a positive screening, and will be subject to the actions specified below for a "positive test." If a student is unable to produce a urine sample, the student may be required to submit a hair sample. Students are responsible for any additional costs associated with hair sample testing. Otherwise, the student will remain at the testing facility until a sample can be produced.

**LIMITED ACCESS TO RESULTS:**

The results will be reported only to the superintendent and the District Drug Testing Review/Enforcement Committee. The District Drug Testing Review/Enforcement Committee shall consist of the high school principals and the superintendent. The committee will review **ALL** testing results. The committee will have the responsibility of contacting the athletic directors with positive test results and overseeing the procedures in the event of a positive test result.

**PROCEDURES IN THE EVENT OF A POSITIVE RESULT:**

Whenever a student's test result indicates the presence of illegal drugs or the misuse of legal or prescription drugs ("positive test"), the following will occur: If the sample tests positive, a custodial parent or legal guardian will be notified and a meeting will be scheduled with the superintendent or his/her designee, the student, the custodial parent or legal guardian, and the student's principal and head coach or sponsor. (Forms B,C,)

**FIRST POSITIVE RESULT:**

For a positive result, the student will be placed on probation and not be allowed to participate in competitions, presentations, activities and driving privileges of Webster County Schools for a period of twenty (20) school days. For athletic/activity purposes the suspension will begin from the first regular scheduled contest in the sport the student participates (excluding jamborees, scrimmages, and classic games). If the twenty school days cannot be completed during one sports season, it will carry over to the next sport season the student participates. A student may practice or attend an organization's meetings at the discretion of the sponsor/coach but may not compete, dress out for competition, take part in a club's scheduled event beyond meetings or drive on campus. The student will be recommended for counseling; if any charge is incurred, it will be the responsibility of the parents. On day twenty one (21), the student will be allowed to be retested (at the expense of parent-guardian). If the retest results are found to be positive, this will count as the official second positive result. If the test results are found to be negative, the student will again become eligible for driving on campus, competitions, presentations, and activities relating to Webster County Schools. However, the student must submit to a mandatory drug screen or lab test on a monthly basis at the expense of the parent/guardian for the remainder of that school year.

**SECOND POSITIVE RESULT:**

A second positive result in the 24-month period following the first positive test will result in the student's suspension from participating in activities and driving on campus for 90 school days.

**THIRD POSITIVE RESULT:**

For the third positive result, the student will be suspended from participating in activities and driving on campus for the remainder of his/her enrollment with the school district.

**NON-PUNITIVE NATURE OF POLICY:**

No student shall be penalized academically for testing positive for illegal drugs. The results of drug tests pursuant to this policy will not be documented in any student's academic records. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or other legal process, which the district shall not solicit. In the event of service of any such

subpoena or legal process, the student and the student's custodial parent or legal guardian will be notified as soon as possible by the district.

### **OTHER DISCIPLINARY MEASURES:**

By accepting this policy, the district is not precluded from utilizing other disciplinary measures set forth in the Student Handbook. Likewise, this policy does not preclude the district from following its disciplinary procedure and resulting action when founded upon reasonable belief and suspicion that a student has participated in drug-related activities. If a student exhibits physical manifestations in which administration determines to be as a result of drug or alcohol use, the student will be subject to the consequences listed in the Drug and Alcohol Policy defined in the Student Handbook. A student will be referred to alternative school if he/she refuses or compromises the integrity of a drug test. If a student refuses or compromises the integrity of a drug test, he/she cannot participate in extracurricular activities including but not limited to sporting events, driving privileges, school plays, prom, and graduation exercises.

### **Cafeteria Prices**

Student breakfast - \$1.25 full pay; \$.30 reduced pay. Adult - \$2.00

Student lunch - \$2.85 full pay; \$.40 reduced pay. Adult - \$3.50

### **Visitors**

All visitors MUST sign in at the office. Sorry, but for supervision and insurance reasons, student visitors (including former students) are NOT allowed. The schools, because of space factors in the classrooms, will not be able to allow school pupils to have pupil visitors accompany them as visiting guests in the school (Policy KM).

### **Medicine at School**

In order to take medicine at school, there must be a doctor's medical form completed and on file in the office. Then, the student's medication is kept there and administered by school personnel.

### **EAST WEBSTER HIGH NOR WEBSTER COUNTY SCHOOLS ARE RESPONSIBLE FOR ANY LOST OR STOLEN ITEMS.**

PLEASE WRITE YOUR NAME ON ALL YOUR POSSESSIONS AND CLOTHING, AND NEVER BRING CASH IN EXCESS OF \$10.00 OR VALUABLES TO SCHOOL. PURCHASING/SELLING/TRADING OF STUDENTS PERSONAL ITEMS WILL NOT BE PERMITTED. THE ITEMS PURCHASED/SOLD/TRADED WILL BE RETURNED TO THE ORIGINAL OWNER.

### **Deliveries**

The office will NOT deliver forgotten items, such as lunches, uniforms, homework, money, or school projects during class time. Students can stop by the office during break, lunch, and after school to check if any items have been dropped off for them. Please remember that parents are NOT allowed to deliver forgotten items to classrooms.

### **Insurance**

Each student will have the opportunity of taking group student accident insurance. Soon after school begins each teacher will distribute information concerning the insurance plan. If the parent desires to have their child take the insurance, he may sign the proper forms and return the fee to the school. Any student who participates in an activity must have on file in the principal's office a copy of their insurance coverage including policy number. This must be on record in the office prior to their participation.

### **Telephone**

The office telephone is to be used by students only in case of emergency. Students are only allowed to use the office phone before school, after school, at break, or at lunch. Please refrain from coming in the office and requesting use of the phone unless you do have a TRUE emergency such as sickness or injury.

### **CHECKS**

**Your Check is Welcome.** Your check is welcome at all schools in the Webster County School District. The Webster County School District recognizes that occasionally a parent may inadvertently overdraw a checking account and a check may be returned by your bank. In order to recover these funds in a private and professional manner, the Webster County School District has contracted with Nexcheck, LLC, for collection of returned checks. Each person writing a check to a school or the School District should write the check on a commercially printed check with your name, address, **and one phone number**. Counter or starter checks will not be accepted. When a person writes a check to a school or the School District, the person writing the check agrees that, if the check is returned, it may be represented electronically on the same account, and that the fee established by law, now \$40, may be debited from the same account.

If the check and fee are not collected electronically, then Nexcheck will contact you by mail and by telephone in order for you to make arrangements to pay. All payments need to be made directly through Nexcheck, P.O. Box 19699, Birmingham, AL 35219. For a convenience fee, payments of both check and fee may be made electronically at [www.nexcheck.com](http://www.nexcheck.com) or over the phone using a credit card, debit card or electronic check.

### **WEBSTER COUNTY SCHOOLS DISCIPLINE POLICY**

#### **Disciplinary Measures**

The Webster County School District employs a variety of disciplinary measures in dealing with students who exhibit inappropriate behavior. The application of discipline is based upon the age of the student, the form and/or seriousness of the misbehavior, and other factors that allow for certain levels of discretion depending upon the circumstances. While sequential application of disciplinary measures is a goal, **it should be clearly understood that school personnel have flexibility in the administration of discipline**. The following listing of disciplinary techniques is not all inclusive; however, it does represent a compilation of typical alternatives used by the school in the disciplinary process. These techniques are not listed in sequential order nor are there any indication that these techniques are to be used in the order given.

1. Teacher Report – Teacher contacts the parent or sends note to parents that denote inappropriate behavior in the classroom by the student. This is used to correct minor, inappropriate behavior.
2. Verbal Reprimands/Warning Notes/Letters - Issuance of warnings concerning behavior.
3. Conferences-Held with teacher, student, parent, administrator, counselor, etc. to discuss behavior and/or progress.
4. Denial/Loss of Privileges - Includes, **but is not limited to**, loss of break time, participation in or attendance at extracurricular activities, loss of the privilege to bring a vehicle on campus, etc. Administrators are authorized to determine the duration of the loss of privileges. They may assign a temporary loss or determine permanent removal, depending upon the circumstances.
5. Detention - Assigned by administrators with appropriate arrangements. Student misbehavior and/or uncooperativeness will not be tolerated. Truancy, misbehavior, and/or uncooperativeness during the Detention assignment will result in the student being referred to an administrator for further disciplinary action.
6. Counseling Services - Arranged as necessary with school counselors/district behavior specialists.
7. Corporal Punishment - Only administered in the presence of a witness in accordance with the district's corporal punishment policy (Policy JDB).
8. In-School Suspension (ISS) - Assigned by administrators with appropriate arrangements. Held during normal school hours. **Attendance for the entire day is required.** (7:40 a.m. – 2:55 p.m.)

11. Saturday School-Assigned by administrators and arranged at varying intervals during the school year. Student misbehavior and/or uncooperativeness will not be tolerated. Truancy, misbehavior, and/or uncooperativeness during the detention assignment will result in the student being referred to an administrator for further disciplinary action.
12. Suspension and/or Expulsion from Bus Riding Privileges - For misconduct in connection with student transportation.

13. Restitution - Requirement that the student/parent/guardian make financial restitution to the school/district. This may include, but is not limited to, acts of destruction to school property, vandalism, defacement of buildings, desks, lockers, etc. It may also include theft of school property, destruction/loss of textbooks or other instructional materials owned by the school and failure of a student to return fundraising obligations.

14. Expulsion from School - Denial of the right to attend school or school activities in the district by the Board of Education.

15. Performance of School Service - Assigning work tasks such as picking up paper, cleaning desktops, sweeping floors, etc.

**Students who are assigned to in-school-suspension, out-of-school suspension or the Alternative Program will not be allowed to participate or attend extra-curricular activities of any school in the district for the length of the assignment. Parents who wish their child to NOT receive corporal punishment (paddling) must come to the school to fill out the appropriate paperwork each school year. Students should inform school personnel that they are on the non-corporal punishment list before receiving punishment.**

The Board of Education and Superintendent of WCSD has taken a firm stand on five types of offenses. If you commit any of the five offenses, either on school grounds or at school-sponsored events, you will be disciplined within the guidelines listed below:

### **District Wide Violations Non-Discretionary Expellable Offenses:**

#### **Webster County Schools Discipline Policy**

The cornerstone for the Webster County Schools discipline policy is that each student has the right to learn in an atmosphere free from disruption. It is therefore the responsibility of staff to help create a climate in the schools in which students can mature educationally and emotionally as they gain knowledge, self-control, and self-confidence. Students are also expected to help take responsibility for their successful completion of high school by respecting others' rights to a safe and comfortable school environment.

**Discipline Guidelines:** The following guidelines clarify rules and regulations that are in effect in the Webster County Schools. The rules and regulations not only apply to student behavior while in the Webster County Schools,

but also extend to any situation that may occur on the way to or from school or at extracurricular activities. During the first days of school, students will be asked to sign the student code of conduct saying that they understand what constitutes serious violations of the disciplinary portion of the Student Code of Conduct and the penalties imposed for such violations.

1. **Bomb Threats:** Students who are found guilty of possessing, fabricating, or planning the fabrication or execution of bombs, or any student found guilty of making bomb threats or of giving false information concerning the placement of explosive or destructive devices, will be suspended for ten days and ***recommended for expulsion***.
2. **Drug and Alcohol Abuse:** Any student found to be under the influence of or in possession of a controlled, dangerous substance (including alcohol) will be suspended and referred to the proper authorities. Any student involved in the sale or distribution of drugs will be ***recommended for expulsion***. Non-alcoholic beverages in bottles that look like those for alcoholic beverages are prohibited as well as items that are intended to resemble or be mistaken for illegal drugs. Use of any substance, legal or illegal, that is mind-altering, including glue, aerosol propellant, tea leaves, etc., will be treated with the same consequences as for use of illegal drugs.
3. **Firearms:** Any student carrying, possessing, handling, fabricating, using, or storing a firearm will be ***recommended for expulsion***.
4. **Physical Abuse:** Students deliberately attempting to physically harm others will be suspended. A violent physical attack on a staff member will result in a ***recommendation for expulsion***.
5. **Weapons:** Weapons are firearms, knives, brass knuckles, sticks, bats, and anything else which may be concealed and/or used as an instrument to hurt another person. Bringing facsimiles (model Uzis, water pistols, etc.) to school may result in a suspension and ***recommendation for expulsion***.
6. **School Safety Act:** Foul, profane, obscene, threatening, defiant, or abusive language, or action toward teachers or other school employees. Defiance, ridicule, or verbal attack of a teacher. The willful deliberate or overt acts of disobedience of the direction of a teacher or other school employees. The failure to accept disciplinary policy. Will result in OSS and possible recommendation for alternative school or expulsion.
7. **Academic Dishonesty / Cheating:** Academic dishonesty or cheating is defined as using someone else's work, words, or ideas and passing it or them off as one's own (plagiarism); giving one's own work, works or ideas to another; engaging in computer piracy; copying from another student's paper or artwork; or talking during a test.

## Athletic Code

Athletics are completely voluntary programs. No student is obligated to take part in any athletic activity. Participation is not required for graduation, nor must the student have extra class credits for post high school training or educational programs. Because athletics are voluntary and because those participating represent the student bodies of the Webster County Schools, it is important that to participate, the standards must be of the highest. The dignity of the school program is reflected through athletics, and the selection of candidates must be based upon school performance, attitude, conduct, cooperation, and an earnest and sincere desire to represent the student body in a manner which complements the school and community. Therefore, to enhance esprit de corps, prevent adverse public reaction, prevent dissension on teams, and for the general welfare of teams and participants, the following regulations governing dress, grooming, conduct and scholastics for pupils participating in and traveling to or from athletic activities are in effect:

1. **CONDUCT:** Classroom teachers may be requested periodically to verify that the participant is demonstrating acceptable citizenship. 7. **LETTERING:** At the beginning of the season, each coach shall provide each participant with a copy of the lettering requirements for his/her sport.  
It is the responsibility of each head coach to give every candidate of his/her team a copy of the Athletic Code and review it at a squad meeting.

#### **Athletic Review Committee**

The Athletic Review Committee is made up of the Athletic Director, the principal, a counselor, and the head coach of the sport in which the athlete participates. Its purpose is to evaluate the athlete's attitude, conduct, and cooperation during a second or third violation of the Athletic Code. The Athletic Review Committee will also convene at the request of the Principal to review special situations involving athletes, to discuss procedures, and to ensure a quality athletic program in the Webster County Schools.

#### **Eligibility for Athletics**

The Mississippi High School Activities Association sets the eligibility requirements for athletes and publishes these requirements in their handbook.

#### **Attendance of Students Participating in a School Activity**

Any student participating in an activity is expected to be in school the entire day of the activity. This includes practice. Any exceptions to this rule will be made at the discretion of the principal. Students are also expected to be in attendance the day after school activities.

#### **Coach and Sponsor Expectations**

The student must comply with any additional rules and regulations set by the coach or advisor for that activity. ## **E-Mail**

Electronic mail, most commonly abbreviated email or e-mail, is a method of exchanging digital messages. E-mail systems are based on a store-and-forward model in which e-mail server computer systems accept, forward, deliver and store messages on behalf of users, who only need to connect to the e-mail infrastructure, typically an e-mail server, with a network-enabled device for the duration of message submission or retrieval. Originally, e-mail was always transmitted directly from one user's device to another's; nowadays this is rarely the case.

### **Guidelines**

1. E-mail is provided by the Webster County School District and is NOT considered private. The Webster County School District can monitor and review any messages sent or received by the users as deemed appropriate by the system administrator.
2. Check electronic e-mail often to see if there are any messages.
3. Respect the legal protections for data and software provided by copyright and licenses.
4. Take care not to express personal views that could be regarded as defamatory or libelous.
5. Always be mindful that e-mail use is a privilege, and the user is a representative of the Webster County School District.
6. Be aware that all electronic mail activity may be monitored and logged or scanned for viruses and/or offensive material.

### **Unacceptable Uses**

1. Do not send excessively large electronic mail messages or attachments. There is a size limit to messages and attachments.
2. Do not indiscriminately forward electronic mail messages to users and/or groups without knowing whether the group users wish to receive such messages. For example: these messages would be personal items sent to you such as recipes, quotes, pictures, stories, jokes, songs, and etc. These messages take up time and space and are not useful for the purpose and objectives of the Webster County School District.
3. Limit messages such as festive greetings or other non-work related items by electronic mail, particularly to several people.
4. Do not participate in chain or pyramid messages or similar schemes.
5. Do not represent yourself as another person.
6. Do not use electronic mail to send or forward material that could be construed as confidential, political, obscene, threatening, offensive, discriminatory, or libelous.

## **Publications**

### **Acceptable Uses**

1. Make sure any web design is appropriate to the educational, administrative, or research objectives of the Webster County School District.
2. Any use of the Webster County School District name and/or school site names, likeness, pictures, graphics must have prior approval of the system administrator or building administrator.
3. Any use of staff or student likeness, pictures, graphics, art, prose, or poetry must have written permission before usage. Staff members must give their written signature permission while a student must give his/her written signature in addition to the parents' written signatures before publication use.
4. The system administrator and/or building administrator will make the final determination whether any web item(s), which identify the Webster County School District, are appropriate for web publication before that publication occurs.
5. All web publications will abide by the *Family Education Rights and Privacy Act (FERPA)* for the dissemination of student information.

## Unacceptable Uses

1. Do not publish personal information concerning staff or students. The only phone numbers, addresses, and/or locations allowed are those of the school site available to the public.
2. Staff and/or students are prohibited from publishing a website using the Webster County School District name and/or school site names, likeness, pictures, graphics without prior approval of the system administrator or building administrator.
3. Webster County School District recognizes the concept of “Free Speech”, however, staff and/or students are prohibited from publishing any work that that may be discriminatory, offensive, racists, threatening to district, school, staff, or other students. The final decision as to whether any work meets these criteria will be determined by system administrator and/or building administrator.
4. Right to “Freedom of Speech” will NOT allow staff and/or students to publish offensive materials through any Webster County School District electronic media. The final decision as to whether any work meets these criteria will be determined by the system administrator and/or building administrator.

## Cyberbullying

A safe and positive environment in school is necessary for students to learn and achieve high academic standards. Bullying/cyber bullying by an individual in the district directed toward another school district student or school staff member is conduct that disrupts both a student’s ability to learn and a school’s ability to educate its pupils in a safe environment. Therefore, it shall be the policy of the Webster County School District to maintain an educational environment in which bullying and cyber bullying in any form are not tolerated.

## Definitions

1. Bullying shall mean unwelcome verbal, written or physical conduct directed at a student or staff member that has the effect of:
  - Physically, emotionally or mentally harming a student or staff member;

- Placing a student or staff member in reasonable fear or physical, emotional or mental harm;
- Placing a student or staff member in reasonable fear of damage to or loss of personal property; or
- Creating an intimidating or hostile environment that substantially interferes with educational opportunities.

## Reporting Procedure and Investigation

1. A student or school staff member shall report a complaint of bullying or cyberbullying, orally or in writing, to the principal or designee. If a parent initiates the complaint, the appropriate individual will follow-up with the student.
2. The principal or designee will gather the information to determine if the alleged bullying or cyberbullying conduct occurred. The building principal is encouraged to contact the Technology Department for assistance in the investigation. In the event the alleged bullying or cyberbullying did not occur during the school day or on school property, the administration has no responsibility to investigate the allegation.
3. After the information has been gathered, the building principal will determine the need for further investigation or the appropriate intervention, which may result in administrative discipline consistent with the Student Code of Conduct and Board Policy to ensure that the conduct ceases.

**District: Webster County School District**

**Section: I - Instructional Program**

**Policy Code: IDDHB - Section 504 Procedures (Students)**

## **SECTION 504 PROCEDURES (STUDENTS)**

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against persons with a disability in any program receiving federal financial assistance. No discrimination against any person with a disability will knowingly be permitted in any of the programs and practices of the school system. To ensure the district's compliance with Section 504 as it applies to students with disabilities, the following procedures have been adopted.

1. If the district has reason to believe that a student has a disability that substantially limits a major life activity, the district shall conduct an evaluation of the student to determine whether the student, because of the disability, needs or is believed to need special education or related services. Regarding evaluation procedures, the WCSD will ensure that: (i) Tests and other evaluation materials have been validated for the specific purpose for which they are used and are administered by trained personnel in conformance with the instructions provided by their producer; (ii) Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; (iii) Tests are selected and administered so as best to ensure that, when a test is administered to a student with impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure). (iv) Students who have been provided special education and related services are periodically reevaluated. A reevaluation procedure consistent with the Individuals with Disabilities Education Act (IDEA) is one means of meeting this requirement. The district shall convene a team of people, including persons knowledgeable about the child, the meaning of evaluation data, and the placement options. The team shall consider information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior. Regarding placement procedures, the WCSD will also ensure that information obtained from all such sources is documented and carefully considered (e.g., evaluation data). This meeting shall be convened within ten (10) days after the district becomes aware of the student's disability.

2. The team of people who are knowledgeable of the student's educational needs shall determine whether the student has a disability under Section 504 and whether that disability substantially limits a major life activity. If such a determination is made, the team must further determine (b) Appropriate Education. (1) For the purpose of this subpart, the provision of an appropriate education is the provision of regular or special education and related aids and services that (i) are designed to meet individual educational needs of disabled persons as adequately as the needs of non-disabled persons are met and (ii) are based upon adherence to procedures that satisfy the requirements of 34 C.F.R. 104.34, 104.35 and 104.36. If the student's parents disagree with the district's conclusion and recommendations, the parents shall be informed of their right to ask for

an impartial hearing to decide the matter. Hearing requests shall be made in writing to the superintendent stating why the district's accommodations are not appropriate.

3. An impartial hearing shall be held within ten (10) days of receipt of the written request. The district shall obtain as a hearing officer an individual who is not an employee of the district and who is knowledgeable of Section 504. The parent and student may take part in the hearing and have an attorney represent them at their own expense. The district also may be represented by counsel.

4. Both parties (the parents and/or their representative and a representative of the district) shall be given the opportunity to present evidence. A tape recording of the hearing will be made by the district, a copy of which will be given to the parents.

5. The hearing officer shall make a decision within ten (10) days after the conclusion of the hearing. The decision shall be given in writing to the district's 504 coordinator and the parents.

6. If either party is aggrieved by the action of the Hearing Officer, an appeal may be taken to the board of trustees of the district at its next regularly scheduled meeting. The board, in its discretion, may allow a statement to be made by the parents and a representative of the district. The decision of the board shall be final.

7. The district shall publish its policy of nondiscrimination on the basis of disability and shall inform parents of their rights under Section 504, including the right to examine records relevant to their child, the right to an impartial hearing with representation by legal counsel at their expense, and the district's review procedure.

The Section 504 Coordinator for the district may be contacted at phone number \_\_662-258-2854 Ext. 12\_\_\_\_\_.

### **Procedural Safeguards Section 504 of the Rehabilitation Act of 1973**

Section 504 is a federal law designed to protect the rights of individuals with disabilities in programs and activities that receive Federal financial assistance from the U. S. Department of Education (ED). Section 504 provides: "No otherwise qualified individual with a disability in the United States shall, solely by reason of his/her disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal assistance."

The Office for Civil Rights (OCR) enforces Section 504 in programs and activities that receive Federal financial assistance from ED. Recipients of the Federal financial assistance include public school districts, institutions of higher education, and other state and local education

agencies. The regulations implementing Section 504 in the context of education institutions appear at 34 C. F. R. Part 104.

The Section 504 regulations require a school district to provide a "free appropriate public education" (FAPE) to each qualified student with a disability who is in the school district's jurisdiction, regardless of the nature or severity of the disability. Under Section 504, FAPE consists of the provision of regular or special education and related aids and services designed to meet the student's individual educational needs as adequately as the needs of non-disabled students were met.

It is the intent of the Webster County School District that parents of a student who may have a disability under Section 504 be informed of their rights. A person with a disability is defined as a person who has a physical or mental impairment which substantially limits one or more major life activities, excepting disabilities that are transitory (6- months duration or less) and minor. Major life activities include functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

You have the right to:

1. Have your child take part in, receive benefits from, public education programs without discrimination because of his/her disability.
2. Have the District advise you of your rights under federal law.
3. Receive notice with respect to identification, evaluation, or placement of your child.
4. Have your child receive a free, appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to have the District make reasonable accommodations in the educational program and placement to allow your child an equal opportunity to participate in school and school - related activities.
5. Have your child educated in facilities and receive services comparable to those provided to students without disabilities.
6. Have your child receive special education and related services if he/she is found to be eligible under state or federal special education law or if he/she requires specialized services under Section 504.
7. Have evaluation, planning and placement decisions made based upon a variety of information sources and by persons who know your child, the evaluation data and placement/program activities offered by the District.
8. Examine all of your child's educational records and obtain copies of those records at a reasonable cost, unless the fee would effectively deny you access to the records. You also have the right to request an explanation and interpretation of your child's records. Should you disagree with the records maintained by the district for your child because you believe them to be inaccurate, misleading or otherwise in violation of the privacy rights of your child, you may request that they be amended. If the District refuses your request, you have the right to a hearing.
9. Request a meeting with the 504 Compliance Officer to review any concern over the actions of the District with respect to the identification, evaluation, educational programs, or placement of your child. This meeting is not required by law, but frequently can resolve concerns.
10. Request a mediation and/or an impartial hearing related to any decision or action regarding your child's identification, evaluation, educational program or placement. You and your student

may take part in the hearing before an impartial hearing office and have an attorney represent you. Under certain circumstances, you may be entitled to an award of reasonable attorney fees.  
11. Appeal the decision of the hearing to a court of competent jurisdiction.

## **WEBSTER COUNTY SCHOOL DISTRICT REFERRAL PROCEDURE FOR GIFTED STUDENTS**

The Webster county school district will serve students who are identified as intellectually gifted. All 1st grade and all referred 2nd – 6 th grade students will be screened to determine eligibility for referral. The student identification processes are separated into six steps for Intellectually Gifted for students in grades 2 – 6. The six steps are: referral, (LSC) review, parental permission for testing, assessment, assessment report and the eligibility determination by the LSC.

### **Referral**

A student may be referred by a parent, teacher, counselor, administrator, peer, self or anyone else having reason to believe that the student might be intellectually gifted. The person initiating the referral shall sign the referral form and date it. District personnel shall collect the data required to satisfy the district's referral criteria. Once a referral form has been initiated, signed and dated, only the LSC or parents can stop the identification process.

### **LSC Review**

Once the referral data has been gathered, the Local Survey Committee shall review all the data and make one of the following recommendations:

1. Student satisfied minimal criteria on at least three measures and should move on to the assessment stage, or
2. student has not satisfied minimal criteria on at least three measures, however, the LSC feels that additional data should be collected, or
3. student has not satisfied minimal criteria on at least three measures and the identification process should stop.

### **Potentially Disadvantaged Gifted**

At this point district personnel shall make the decision as to the possibility that the student could possibly be eligible for consideration as disadvantaged gifted. If it is believed that the student might be disadvantaged, then the Potentially Disadvantaged Intellectually Gifted Checklist should be completed for possible use during the assessment process. The potentially disadvantaged gifted category makes provisions for certain factors that exist that may put the student at a disadvantage when inappropriate instruments are used during the assessment process.

### **Assessment**

Once the LSC has determined that a student should move forward to the assessment phase, district personnel shall review all data available on the student before deciding which measures are most appropriate to be used during assessment. After reviewing the information available, district personnel shall collect measures from at least three of the categories of assessment measures. A student shall satisfy minimal state criteria on measures from at least three categories before moving forward in the process. District may elect to set the local minimal criteria higher than the criteria stated in regulations. Test scores from other agencies will be considered for original or re-tests for the gifted program.

### **Parental Permission for Testing**

At this time, if parental permission for testing has not been obtained, district personnel shall obtain written parental permission for testing. Phase I Assessment Criteria

1. A full scale score at or above the 90th percentile on a normed group measure of intelligence.
2. A score at or above the superior range on a normed characteristics of giftedness checklist.
3. A score at or above the superior range on a normed measure of creativity
4. A score in the superior range on a normed measure of leadership.
5. A score at or above the 90th percentile on a normed measure of cognitive abilities.
6. A score at or above the 90th percentile on total language, total math, total reading, total science, total social studies or the composite on a normed achievement test.
7. Other measures as approved by the SBE on the district's Gifted Education Program Proposal.

A student who has satisfied the minimal acceptable criteria on any three of the above measures shall move forward to the individual test of intelligence.

### **Phase II Assessment Criteria**

Once it has been determined that a student has satisfied minimal criteria on three measures from Phase I of assessment, the student shall move forward to the second phase of assessment, the individual test of intelligence. All individual tests of intelligence shall be administered by a licensed examiner. In no case will the examiner be related to the student being tested. The examiner shall review all available data on the student, whether or not it satisfies minimal identification criteria, and use that information to select the most appropriate test of intelligence. No more than one individual test of intelligence shall be administered to the student without an appropriate waiting period between administrations. The examiner shall provide a signed and dated report of the test administration to include testing conditions, scores on all subtests or subscales, and the strengths and weaknesses of the student. A student must score at or above the 91st percentile composite/full scale or the 91st percentile on approved subtests in order to satisfy eligibility criteria.

### **Potentially Twice-Exceptional Students**

Students who already have an eligibility ruling under IDEA and are being assessed for an intellectually gifted eligibility, and who did not satisfy the minimal acceptable criteria on the individual test of intelligence shall have their results reviewed by the LSC and a licensed examiner. If the student scores at or above the 91st percentile on the nonverbal scale, or who in the opinion of the reviewing committee would benefit from participation in the intellectually gifted program, the student may be granted a provisional eligibility for the intellectually gifted program for a period of one year. At the end of that year, the student's teacher of the gifted shall meet with the review committee to discuss the student's performance in the program. If the student has demonstrated success in the program, the LSC shall change the eligibility status from provisional to regular eligibility. If the student has not been successful in the program, the provisional eligibility shall be revoked.

### **Potentially Disadvantaged Gifted Students**

Students who have satisfied criteria on the Potentially Disadvantage Gifted Checklist who did not satisfy minimal acceptable criteria on an individual test of intelligence, but, who did not satisfy minimal acceptable criteria on an individual test of intelligence, but, did score at least the 85th percentile, may be administered one of the following additional measures to determine eligibility:

1. A test of cognitive abilities with a minimal score at the 90th percentile,
2. A group intelligence measure with a minimal score at the 90th percentile,
3. Place existing scores from the assessment stage into a matrix that the local district has had approved by the MDE.

Identification criteria, as approved by the SBE on the local district's Gifted Education Program Proposal must be satisfied for a student to be ruled eligible by the LSC for the intellectually gifted education program.

### **Assessment Report**

District personnel shall write an Assessment Report, which must contain the following components:

1. Student's name,
2. Name of at least three measures from Assessment Phase I that were used to determine the need to administer an individual test of intelligence.
3. Results of each measure,
4. Names of individual who administered or completed each measure and the date administered or completed,
5. Test behaviors for any individually administered test(s),
6. Interpretation of the results of each individually administered test(s),
7. Name of the person who administered the individual test of intelligence and date test was administered,
8. Qualifications of the individual who administered the individual test of intelligence,
9. Results of the individual test of intelligence to include scores on all subtests and identified strengths and weaknesses,
10. Names of the person responsible for writing the Assessment Report, his/her signature and position, and
11. The date of the Assessment Report.

### **Eligibility Determination**

Once the Assessment Report is finished, the LSC shall meet to review all data and determine if eligibility criteria has or has not been satisfied. The LSC shall rule that the student is or is not eligible for the intellectually gifted program.

### **Parental Notification District**

Personnel shall notify in writing the parents of each student tested for the intellectually gifted program about the assessment results. District personnel shall offer to explain any of the results that parents have questions about. District personnel shall also notify parents in writing about their rights under the Family Educational Rights and Privacy Act (FERPA).

If at any step of this process, a student fails to achieve eligibility, the local school shall report the findings to the parent/guardian and deny entrance into the intellectually gifted class. (See Attachment F)

### **Retesting of Students**

Students who fail to achieve eligibility criteria and are again referred for the gifted program may be retested by the Webster County School District Psychometrist six months from the date of the original testing.

### **End of Year Assessment**

The LSC shall meet at least annually and reassess each student's participation in the gifted program. The student should remain in the program as long as progress is being made. If the committee

determines the student should exit the program due to lack of progress and/or participation being unsatisfactory, the student's parents must be notified and given an opportunity to discuss the decision with district personnel before the student is removed from the program. Documentation of this meeting must be maintained and must include the name of the student discussed, a list of committee members presented and the date of the meeting.

### **Removal by Parent**

If a parent chooses to remove his/her child from the Gifted Program, the parent must sign a Request for Removal from Special Services Form. The child may be removed for the remainder of the semester or the remainder of the year. The child may not be reinstated until the beginning of the next semester or school year. Parents must sign a Request for Reinstatement of Special Services Form prior to reinstatement.

### **Gifted Grievance Procedures**

Grievance procedures have been established to settle, equitably, at the lowest possible administrative level, differences and issues relating to the gifted program. The grievance procedure is as follows:

#### **Level I (Informal Procedures)**
