To: All Parents and Staff

Due to the pricing templates provided by the Texas Department of Agriculture WCISD is being forced to raise meal prices effective February 1<sup>st</sup>. We apologize for the changes and normally make these at the beginning of the year when necessary. We hope that these prices will suffice for next year as well and not have to rise again.

Please rest assured that we will strive to keep pricing as low as possible, and we are always looking for other options. Many of the food service decisions are based on state and federal mandates, and out of our local control.

Free and reduced prices have not changed. If you would like to apply for free or reduced food service for your students please contact your campus secretary.

As of February 1, 2017 here are the prices for our cafeteria. Prices for individual items may rise slightly as well for some items.
