

## **SNOW DAYS/DELAYS**

Parent/Guardians:

The district is currently discussing weather conditions since the winter is fast approaching. The first reaction might be that there will be no need for snow days. Because of a number of factors, the district will need snow days and delays. If a delay is called, remote learning will begin later than the normal starting time. Please follow the delay schedule.

Some reasons this decision is being made is:

1. Some Wyoming Area students attend alternative learning situations. They will need to be transported.
2. A few special classes are held in our buildings. These students will need to be transported. Special transportation is provided for these students.
3. Many teachers work from within their school buildings.
4. Support staff works from with their school buildings.
5. Administration works from within their school buildings.

Bottom line is that there will be a need for school closures or delays. Announcements will be made through the district all-call system. Announcements will also be made on local television stations.

Reminder: If a 2 hour delay is called, remote learning will begin 2 hours later. If school is closed, remote learning will not take place that day. The day will be added at the end of the school year.
