

NEW! Public Access Portal

Nevada WebIZ is pleased to announce the creation of the Public Access Portal!

Nevada WebIZ is a confidential online computer system used statewide by doctors and nurses to keep track of their patients' immunizations. Through the new Public Access Portal website:

- Parents and legal guardians can print official immunization records for their child(ren) (ages 0 through 17 years) and
- Adult individuals (ages 18 years and over) can print official immunizations records for themselves.

This is an official record and can be used as proof of immunization for school entry, summer camp, employment, etc.

6 Easy Steps to Finding a Record Through the Public Access Portal

1. Ask your doctor to add Social Security Number (SSN) to your and/or your child(ren)'s Nevada WebIZ record.
SSN's are protected in Nevada WebIZ and cannot be learned by people accessing the system.
2. Visit the Public Access Portal at www.izrecord.nv.gov.
3. Enter the Last Name, First Name, Date of Birth, Gender and SSN of the person whose record you are searching for and click "Search."
4. Once a record is found, click "Print Official Immunization Record."
5. When prompted, enter your First Name, Last Name, Phone Number and your relationship to the person named on the record in the pop-up window.
This lets us keep track of who is using the Portal and which records they are requesting. This also allows us to restrict access to records per Nevada law.
6. Print and/or save the Official Immunization Record (Adobe .pdf format).

Please feel free to contact our Help Desk at 775-684-5954, toll-free (within Nevada) at 1-877-NV-WEBIZ or via email at izit@health.nv.gov if:

- Your doctor's office is not entering immunizations into Nevada WebIZ (Nevada law requires that all immunizations given in Nevada be stored in Nevada WebIZ.),
- You experience any trouble accessing the Public Access Portal, or
- You have any questions or concerns.
